**Re: Crawford County Sanitary Landfill
Permit - Long Term
Approval
Municipal Solid Waste Landfills
Crawford County
MSWL018774**

Subject: Final Permit to Install Application for Crawford County Sanitary Landfill

Dear Madam or Sir:

The Ohio Environmental Protection Agency, pursuant to Ohio Administrative Code Rule 3745-27-02 and the rules adopted thereunder, has reviewed the application for a permit with accompanying detail plans, specifications and/or information (hereinafter referred to as "application") regarding the above-referenced facility. This application has been approved by the Director subject to the conditions of compliance contained in the permit approval enclosed herewith and with all applicable laws, rules and standards. All construction must be supervised by an engineer or expert qualified in such work. Because the permit approval contains conditions of compliance, I urge you to read it carefully.

You are requested to submit within thirty (30) days of the date of issuance of this Permit to Install, the required permit fee balance of six hundred dollars (\$1000.00 - \$400.00 application fee = \$600.00), payable to **Treasurer, State of Ohio**. Please send the required payment to:

Ohio Environmental Protection Agency
Permit to Install Fee
Dept L-2711
Columbus, OH 43260-2711

Payment of the fee balance within 30 days is a requirement of ORC Sections 3745.11 (Q) and (V). Failure to timely submit the required permit fee will result in an assessment of late penalties.

You are hereby notified that this action of the Director of Ohio EPA (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
30 East Broad Street, 4th Floor
Columbus, Ohio 43215

If you have any questions, please contact the Ohio EPA District Office to which you submitted your application.

Sincerely,

Jeri Main,
Division of Materials and Waste Management

Bucyrus, Ohio 44820

Facility: Crawford County Landfill

Address: 5128 Lincoln Highway East
Bucyrus, Ohio 44820

Location: The facility is located approximately 3.7 miles east of Bucyrus, Ohio on old US Route 30 (Lincoln Highway East) between State Route 602 and Township Road 146.

Permit Type: Authorized Maximum Daily Waste Receipt (AMDWR) Increase

Issuance Date: **FEBRUARY 25, 2019**

Effective Date: **FEBRUARY 25, 2019**

The above-named entity is hereby issued a permit approval (permit-to-install) for the above described source pursuant to Ohio Administrative Code (OAC) Chapter 3745-27-02. Issuance of this permit approval does not constitute expressed or implied approval or agreement that, if constructed and/or modified in accordance with the plans, specifications, and/or information accompanying the permit application, the above described source of environmental pollutants will operate in compliance with applicable state and federal laws, rules, and regulations, and does not constitute expressed or implied assurances that if constructed and/or modified in accordance with those plans, specifications, and/or information accompanying the permit application, the above described source of environmental pollutants will be granted the necessary operating permits and/or licenses. This permit approval is issued subject to the attached conditions which are hereby incorporated and made a part hereof.

Ohio Environmental Protection Agency

Laurie A. Stevenson, Director

PERMIT SUMMARY

This permit approval (PTI Number 1244445) for Crawford County Landfill (Facility) authorizes the Facility to increase the AMDWR from 1,200 to 4,000 tons per day. The previous AMDWR was established by PTI Number 971858, issued April 4, 2017.

Based on the AMDWR of 4,000 tons, the total Facility airspace would provide an estimated Facility life of 6.6 years. However, based on the Facility's current anticipated gate receipts of 566.3 tons per day, the estimated life of the Facility would be approximately 47.7 years.

The above summary is provided solely for informational purposes and does not constitute a part of, or otherwise affect, the attached permit-to-install.

PERMIT CONDITIONS

1. The Facility's AMDWR is hereby established to be 4,000 tons per day. This supersedes any previously established AMDWR for the Facility. This approval shall only apply to the increase in the Facility's AMDWR.
2. The director, or an authorized representative, may enter upon the premises of the above-named permittee at any reasonable time during construction and operation for the purpose of making inspections, conducting tests, or examining records or reports pertaining to the construction, modification, or installation of the above described source of environmental pollutants (municipal solid waste disposal facility).
3. Issuance of this permit approval does not relieve the permittee of the duty to comply with all applicable federal, state, and local laws, ordinances, and regulations.
4. This permit approval may be modified, or alternatively revoked and reissued, to comply with any revisions to OAC Chapter 3745-27 applicable to this municipal solid waste disposal facility.
5. The permittee shall provide for the proper maintenance and operation of the municipal solid waste disposal facility in accordance with the provisions of OAC Chapter 3745-27.

6. This permit approval does not authorize the acceptance of any hazardous or infectious wastes, except for those excluded from hazardous or infectious waste regulation by ORC Chapter 3734.
7. This permit approval does not authorize the acceptance of any asbestos or asbestos-containing waste material that is subject to the provisions of NESHAP, 40 CFR Part 61, Subpart M. No such asbestos-containing waste material may be accepted without first obtaining the necessary permits from Ohio EPA.
8. The permittee shall comply with the requirements of all previously-issued authorizing documents for the Facility, except, to the extent that this permit approval specifies requirements different from or in addition to the requirements of those previously-issued permit, and the terms and conditions contained herein, shall take precedence over any conflicting requirements.
9. Nothing in this permit approval shall be construed to authorize any waiver from the requirements of any applicable federal or state laws or regulations. This permit approval shall not be interpreted to release the permittee from responsibility under Ohio Revised Code (ORC) Chapters 3704, 3714, 3734, or 6111; under the Federal Clean Water Act, the Resource Conservation and Recovery Act, or the Comprehensive Environmental Response, Compensation, and Liability Act; or from other applicable requirements for remedying conditions resulting from any release of contaminants to the environment.
