Re: Staley Road Open Dump
Director's Authorization
Approval
Scrap Tires
Warren County
MSWL021604

**Subject: Staley Road Open Dump, Warren County
Ohio Administrative Code (OAC) Rule 3745-27-54(A)(2)(m) Approval**

Dear Mr. Egelston:

Ohio EPA APR 18 '19
Entered Directors Journal

On April 8, 2019, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Southwest District Office (SWDO) received a written request from you to transport more than ten scrap tires at a time from the property located at 9711 Staley Road, Franklin, Ohio in Warren County (Property) to a licensed scrap tire collection facility without registering as a scrap tire transporter. This request is in response to finding approximately 100 tires on the recently purchased Property.

OAC Rule 3745-27-54(A)(2)(m) states, in relevant part, that a person may transport scrap tires without obtaining a scrap tire transporter registration if the director specifically authorizes that person, in writing, to transport their scrap tires in order to remove scrap tires from a property to abate a public nuisance or open dump.

In accordance with OAC Rule 3745-27-54(A)(2)(m), I hereby authorize you to transport scrap tires from the property located at 9711 Staley Road, Franklin, Ohio to Montgomery South Transfer Facility, located at 1001 Encrete Lane, Moraine, Ohio which is a licensed scrap tire collection facility.

Please be advised that only you are authorized to transport the scrap tires under this authorization using only vehicles owned, leased, or donated to you. Additionally, you must comply with the shipping paper requirements outlined in OAC Rule 3745-27-57. A copy of this letter must be placed in any vehicle used for transportation of scrap tires, as authorized by this letter.

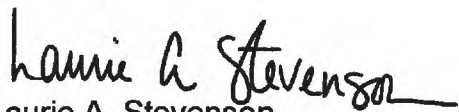

This authorization shall expire on April 30, 2019, or at the time the scrap tire cleanup is complete, whichever occurs first.

You are hereby notified that this action of the Director of Environmental Protection (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
30 East Broad Street, 4th Floor
Columbus, Ohio 43215

If you have any questions concerning this letter, please contact Dylan Dyer of Ohio EPA, Southwest District Office at (937) 285-6048.

Sincerely,

Laurie A. Stevenson
Director
