**Subject:** Renewal of Laboratory Certification under Ohio's Voluntary Action Program

Dear Mr. Straccione:

Upon review of your laboratory's application for renewal of its certification under Ohio's Voluntary Action Program, I am pleased to inform you that the laboratory meets the applicable requirements. Therefore, the Director of the Ohio Environmental Protection Agency (the "Director") has renewed the laboratory's certification under the authority of Ohio Revised Code ("ORC") 3746.04(B)(6) and Ohio Administrative Code ("OAC") 3745-300-04. Your laboratory certification number remains CL105.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission (the "Commission") pursuant to ORC Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio" which the Commission, in its discretion, may reduce if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Commission at the following address:

Environmental Review Appeals Commission  
30 East Broad Street  
4<sup>th</sup> Floor  
Columbus, OH 43215

The certification is effective for the analytes, parameter groups and methods listed on the attached laboratory certificate. The certification will expire on the expiration date given on the laboratory certificate, unless renewed in accordance with OAC 3745-300-04. Thank you for your interest in the Voluntary Action Program.

Sincerely,
