Ohio Administrative Code (OAC) Rule 3745-27-10(C)(7)(g) Approval**

Dear Mr. Reardon:

Ohio EPA MAR 13 '20  
Entered Director's Journal

On January 31, 2020, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Central District Office (CDO) received a request, dated January 29, 2020, titled Statistical Analysis Program for Groundwater Quality Monitoring. A portion of the document was submitted in accordance with OAC Rule 3745-27-10(C)(7)(g) by Eagon & Associates, on behalf of Solid Waste Authority of Central Ohio (Owner), and requested to update the background data group representing the background water quality at monitoring wells MW-6Br (potassium), MW-6C1 (ammonia), MW-6Dr (ammonia), MW-6R (ammonia, sodium), MW-16B (sodium), MW-18Br (ammonia, chloride, potassium, sodium), MW-21B (ammonia), MW-22C, (ammonia, chloride, potassium) at Franklin County Sanitary Landfill (Facility) located at 3851 London-Groveport Road, Ohio, Franklin County .

Pursuant to OAC Rule 3745-27-10(C)(7)(g), background data can be added only in blocks of data resulting from the analysis of four or more statistically independent samples after the data have been statistically compared to the current background data and no statistical differences are detected, unless another method is deemed acceptable to the director.

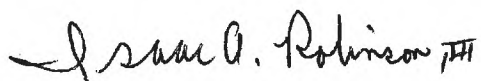

Ohio EPA has reviewed the January 29, 2020 document and concurs with the request that the statistically different data be added to the existing background datasets. Ohio EPA's review determined that the owner or operator has provided sufficient evidence to demonstrate that the statistically different data can be added to the existing background datasets and meets the requirements of OAC 3745-27-10(C)(7)(g) in the document. Therefore, Ohio EPA approves this request pursuant to OAC 3745-27-10(C)(7)(g) at Franklin County Sanitary Landfill.

You are hereby notified that this action of the Director of Environmental Protection (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission  
30 East Broad Street, 4<sup>th</sup> Floor  
Columbus, OH 43215
