On September 18, 2019, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Southeast District Office (SEDO) received the document titled *OAC Rule 3745-27-10(C)(7)(g) Request to Update the Background Data Sets for Chloride at Monitoring Wells DP-30 and SP-40*. The document was submitted in accordance with OAC Rule 3745-27-10(C)(7)(g) by Civil & Environmental Consultants Inc., on behalf of Kimble Sanitary Landfill, and requests approval to update the background data sets for chloride at monitoring wells DP-30 and SP-40. This request was made for the Kimble Sanitary Landfill (Facility) located at 3596 State Route 39NW in Dover, Tuscarawas County, Ohio.

Pursuant to OAC Rule 3745-27-10(C)(7)(g), background data can be added only in blocks of data resulting from the analysis of four or more statistically independent samples after the data have been statistically compared to the current background data and no statistical differences are detected, unless another method is deemed acceptable to the Director. Kimble Sanitary Landfill has met the requirement for including a minimum of four (4) data points to the background data set and are requesting that the below listed 13 points be included in the background data set. The approval of these 13 data points require approval by the Director.

Kimble Landfill has proposed using the following statistically significant data from monitoring wells DP-30 and SP-40 as part of the Facility's background data:

SP-40	Chloride	5.0 mg/l	5/17/2018
SP-40	Chloride	5.2 mg/l	6/26/2018
SP-40	Chloride	4.6 mg/l	11/08/2018
SP-40	Chloride	4.6 mg/l	12/12/2018

Ohio EPA has reviewed the applicable information and concurs with the addition of the above data to existing background data. Therefore, pursuant to OAC Rule 3745-27-10(C)(7)(g), the owner or operator is hereby authorized to incorporate the above data in the Facility's background data.

You are hereby notified that this action of the Director of Environmental Protection (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
