**Subject: Statewide Recycling and Disposal Facility, Stark County
Ohio Administrative Code (OAC) Rule 3745-27-10(C)(7)(g) Approval**

Dear Mr. Wayt:

On June 3, 2020, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Northeast District Office (NEDO) received a request, titled, *Statistical Analysis Program for Groundwater Quality Detection Monitoring (Revision 10), OAC 3745-27-10(C)(7)(g)-Request for Director's Approval (Request)*, dated May 29, 2020. The Request was prepared by Eagon & Associates, Inc., on behalf of Waste Management, Inc., and proposed to update the background data group representing the background water quality at monitoring well MWU-3 for chloride (three values from 2017), potassium (two values from 2019), and sodium (eight values from 2016, 2018, and 2019) at Statewide Recycling and Disposal Facility, Inc. (Facility) located at 4720 Dueber Avenue SW, Canton, Ohio.

Pursuant to OAC Rule 3745-27-10(C)(7)(g), background data can be added only in blocks of data resulting from the analysis of four or more statistically independent samples after the data have been statistically compared to the current background data and no statistical differences are detected, unless another method is deemed acceptable to the director.

Ohio EPA has reviewed the Request and concurs that the statistically different data be added to the existing background datasets. Ohio EPA's review determined that the owner or operator has provided sufficient evidence to demonstrate that the statistically different data can be added to the existing background datasets and meets the requirements of OAC Rule 3745-27-10(C)(7)(g) in the document. Therefore, Ohio EPA approves the Request pursuant to OAC Rule 3745-27-10(C)(7)(g) at Statewide Recycling and Disposal Facility, Inc.

You are hereby notified that this action of the Director of Environmental Protection (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code Section 3745.04.

The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
30 East Broad Street, 4th Floor
Columbus, OH 43215
