**Subject: Stony Hollow Landfill, Inc., Montgomery County
Ohio Administrative Code (OAC) Rule 3745-27-10(E)(4)(f) Approval**

Dear Mr. Lucas:

On June 29, 2020, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Southwest District Office (SWDO) received a document, titled, "Request for Director's Approval to Delete EDB and DBCP" (Request), dated June 29, 2020. Eagon & Associates, Inc. submitted the Request on behalf of Waste Management, and requested to remove 1,2-dibromo-3-chloropropane (DBCP) and 1,2-dibromomethane (EDB) from the list of Appendix II ground water monitoring parameters to be analyzed in monitoring wells at Stony Hollow Landfill (Facility) located at 2460 South Gettysburg Avenue, Dayton, Ohio.

Pursuant to OAC Rule 3745-27-10(E)(4)(f), upon written request of the owner or operator, the director may delete any of the monitoring parameters contained in Appendix II of OAC Rule 3745-27-10 for a sanitary landfill facility if the owner or operator can show that the deleted constituents are not reasonably expected to be in or derived from the waste contained in the sanitary landfill.

I have reviewed the applicable information and approve deleting DBCP and EDB from further assessment ground water monitoring at the Facility. The owner or operator shall continue monitoring all wells in the assessment ground water monitoring system for the remaining parameters listed in Appendix I and Appendix II in accordance with OAC Rule 3745-27-10(E), unless otherwise authorized by Ohio EPA.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The

Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
