**Subject: Ohio Administrative Code (OAC) Rule 3745-27-10(C)(7)(g) Approval**

Dear Commissioners and Mr. Adkins:

On April 6, 2015, the Ohio Environmental Protection Agency (Ohio EPA), Northwest District Office, received a document titled, "OAC Rule 3745-27-10(C)(7)(g) Request to Update Well P-25 Sodium Background Data Set" (dated April 1, 2015), from Mannik Smith Group on behalf of Santek Environmental of Ohio, LLC, for the Crawford County Landfill (facility). The submittal proposes to revise the background data set for sodium at well P-25 by updating it with more recent information. Because there are statistical differences between the new data and the current background data set, the owner/operator is required to demonstrate the appropriateness of including the new data under OAC Rule 3745-27-10(C)(7)(g). The submittal demonstrates statistically significant sodium increases at well P-25.

Pursuant to OAC Rule 3745-27-10(C)(7)(g), background data can only be added in blocks of data resulting from the analysis of four or more statistically independent samples after the data have been statistically compared to current background data and no statistical differences are detected, unless another method is deemed acceptable by the director.

Ohio EPA has reviewed the information provided and concurs that the data is acceptable relative to updating the background data set.

Therefore, pursuant to OAC Rule 3745-27-10(C)(7)(g), the owner/operator is hereby authorized to update the background database for sodium in well P-25.

A detailed account of Ohio EPA's review of the ground water demonstration will be sent to you under separate cover.

You are hereby notified that this action of the Director of Environmental Protection (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
