**Subject: Mt. Eaton Sanitary Landfill, Wayne County  
Approval of Alternative Location for Operating Record**

Dear Gentlemen:

On May 21, 2015, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Northeast District Office (NEDO) received your letter, dated May 13, 2015, regarding the operating record for Mt. Eaton Sanitary Landfill (Facility) located in Wayne County. This letter contains a request to relocate the operating record during the post closure care period. The operating record would be relocated to the offices of the Dalad Group at 6055 Rockside Woods Blvd., Suite 100, Independence, Ohio 44131.

Pursuant to OAC Rule 3745-27-09(C), the operating record shall be located at the sanitary landfill facility. However, upon the commencement of the post-closure care period for all units of a sanitary landfill facility, the director may approve an alternative location for the operating record. The operating record shall be available for inspection by Ohio EPA and the approved health department during normal business hours.

MT. EATON LANDFILL  
DIRECTOR'S AUTHORIZATION  
PAGE 2 OF 2

Ohio EPA has reviewed the request and determined that storing the Facility's operating record at the alternative location would make it available for inspection by Ohio EPA and the approved health department during normal business hours. Therefore, pursuant to OAC Rule 3745-27-09(C), the owner or operator is hereby authorized to move the operating record to the alternative location at the Dalad Group, 605 Rockside Woods Blvd. in Independence, Ohio.

You are hereby notified that this action of the Director of Environmental Protection (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission  
77 South High St., 17<sup>th</sup> Floor  
Columbus, Ohio 43215

If you have any questions concerning this action, please contact Katharina Snyder, DMWM, NEDO at (330) 963-1257.

Sincerely,

Craig W. Butler  
Director
