Director's Final
Findings and Orders

Respondent

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders (Orders) are issued to Specialty Fabrications, Ltd. (Respondent) pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency (Ohio EPA) under Ohio Revised Code (ORC) §§ 3734.13, 3734.02(G) and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of Respondent or of the Facility shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3734. and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Pursuant to ORC § 3734.02(G) and rule 3745-50-31 of the Ohio Administrative Code (OAC), the Director may, by order, exempt any person generating, storing, treating, or disposing of hazardous waste in such quantities or under such circumstances that, in the determination of the Director, it is unlikely that the public health or safety or the environment will be adversely affected thereby, from any requirement to obtain a permit or comply with other requirements of ORC Chapter 3734. Any such exemption shall be consistent with and equivalent to rules promulgated under the Resource Conservation and Recovery Act of 1976, 90 Stat. 2806, 42 U.S.C. § 6921 et seq., as amended.
2. Respondent is a "person" as defined in ORC § 3734.01(G) and Ohio Administrative Code (OAC) rule 3745-50-10(A).
3. Respondent operates a specialty welding fabrication and welding repair business located at 6450 State Route 7, Reno, Washington County, Ohio 45750 (Facility).
4. At the Facility, Respondent generates "hazardous waste" as that term is defined by ORC § 3734.01(J) and OAC rules 3745-50-10(A) and 3745-51-03. At the time of the inspection, Respondent normally generated less than 100 kilograms of hazardous waste per calendar month. Respondent has not been issued an EPA ID number. Respondent generates listed hazardous waste spent solvent, at a minimum, F003, at the Facility.
5. On December 23 and 27, 2011, Ohio EPA conducted a complaint investigation and compliance evaluation inspection (inspection) at the Facility. During the course of the inspection, Ohio EPA observed evidence of mismanagement of waste from painting operations, including: spent solvent from paint guns being discharged against a wall which ultimately allowed the spent solvent to be disposed of onto soil, spent solvent which had been discharged into a storm grate that discharged onto the side of a hill and what appeared to be paint overspray on the soil. Additionally, Ohio EPA observed two drums containing unknown material stored at the Facility. As a result of this inspection, Ohio EPA determined Respondent had, inter alia, failed to properly determine if the wastes noted above were hazardous waste, in violation of OAC rule 3745-52-11.
6. By letter dated January 6, 2012, Respondent was notified of the violations referenced in Finding No. 5. of these Orders.
7. In correspondence dated February 13, 2012, and March 13, 2012, an environmental consultant, on behalf of the Respondent, provided information regarding the violations referenced in Finding No. 5. of these Orders. Additionally, the February submittal included a soil sampling plan for areas where spent solvent and paint waste were observed as referenced in Finding No. 5. of these Orders.
8. On February 16, 2012, an environmental consultant, on behalf of the

Respondent, implemented the soil sampling plan referenced in Finding No. 7. of these Orders. In correspondence dated March 13, 2012, the environmental consultant, on behalf of the Respondent, provided the results from the implementation of the soil sampling plan.

9. By letter dated March 29, 2012, Ohio EPA acknowledged receipt of Respondent's February and March submittals and notified Respondent that the violation referenced in Finding No. 5. of these Orders was abated. Respondent provided information which determined the spent solvent was, at a minimum, listed hazardous waste, F003. Therefore, based on the information provided by Respondent, Ohio EPA notified Respondent that it had, inter alia: unlawfully disposed of listed hazardous, F003, to the soil, as described in Finding No. 5. of these Orders, without a hazardous waste facility installation and operation permit, in violation of ORC § 3734.02(E) and (F).
10. Due to the establishment and operation of a hazardous waste disposal facility as described in Finding No. 9. of these Orders, Respondent is required to have a hazardous waste facility installation and operation permit and is subject to all general facility standards found in OAC Chapters 3745-54 and 55, including but not limited to, closure in accordance with OAC rules 3745-55-11 through 3745-55-20, the financial assurance for closure requirements contained in OAC rules 3745-55-42 through 3745-55-51, and corrective action for waste management units in accordance with OAC rule 3745-54-101. To obtain a hazardous waste facility installation and operation permit, Respondent is required to submit "Parts A and B" of the application in accordance with OAC Chapter 3745-50.
11. The submittal of a Closure Plan which complies with the administrative requirements of OAC Chapters 3745-65 and 66 and the substantive requirements of OAC Chapters 3745-54 and 55 including but not limited to the groundwater protection program in accordance with OAC rules 3745-54-90 through 3745-54-100 in lieu of the submittal of an application for a hazardous waste facility installation and operation permit is unlikely to adversely affect the public health or safety or the environment. Therefore, the Director finds that the issuance to Respondent of an exemption from the requirement to submit an application for a hazardous waste facility installation and operation permit for the Facility is unlikely to adversely affect the public health or safety or the environment within the meaning of ORC § 3734.02(G).
12. By electronic mail dated May 23, 2013, and May 27, 2015, Respondent submitted information explaining its limited financial resources.

V. ORDERS

Respondent shall achieve compliance with Chapter 3734. of the ORC and the

regulations promulgated there under according to the following compliance schedule:

1. The Respondent is hereby exempted from the requirement to submit an application for a hazardous waste facility installation and operation permit for the Facility, *provided that* Respondent complies with the following:
 - a. Within 60 days after the effective date of these Orders, Respondent shall submit to Ohio EPA a Closure Plan for the identified hazardous waste disposal areas described in Finding No. 5. of these Orders. A copy of the closure plan shall be submitted in accordance with Section X. of these Orders and an additional copy to Ohio EPA, Division of Environmental Response and Revitalization, Manager, Engineering Section, P.O. Box 1049, Columbus, Ohio 43216-1049;
 - b. This Closure Plan shall comply with the administrative requirements of OAC Chapters 3745-65 and 3745-66 and the substantive requirements of OAC Chapters 3745-54 and 3745-55; including but not limited to, the groundwater protection program in accordance with OAC rules 3745-54-90 through 54-100;
 - c. The Closure Plan is subject to approval by Ohio EPA. If Ohio EPA does not approve the Closure Plan referenced in Order No. 1.a., and provides Respondent with a written statement of deficiencies, Respondent shall submit a revised Closure Plan for approval addressing the deficiencies within 30 days of receiving such written statement. If Ohio EPA modifies the Closure Plan, the modified Closure Plan becomes the approved plan;
 - d. Upon Ohio EPA approval of the Closure Plan, Respondent shall implement the approved Closure Plan in the manner and pursuant to the time frames set forth in the approved Closure Plan and OAC rules 3745-55-13/3745-66-13;
 - e. Within 30 days after Ohio EPA's approval of the Closure Plan pursuant to Order No. 1.d., above, Respondent shall submit a closure cost estimate and documentation demonstrating that Respondent has established financial assurance and liability coverage for the areas of the Facility subject to closure, in accordance with OAC rules 3745-55-42 through 3745-55-47; and
 - f. Within 60 days after completion of closure, Respondent shall submit certification of closure to Ohio EPA in accordance with OAC rule 3745-55-15. Closure certification of the area described in Order No. 1.a. will abate the violation referenced in Finding No. 9. of these Orders.

2. Respondent shall pay Ohio EPA the amount of \$8,000.00 in settlement of Ohio EPA's claims for civil penalties, which may be assessed pursuant to ORC Chapter 3734. \$6,400.00 of this amount will be deposited into the hazardous waste cleanup fund established pursuant to ORC § 3734.28 pursuant to the following schedule:
 - a. Within 90 days after the effective date of these Orders, Respondent shall pay to Ohio EPA the amount of \$1,600.00;
 - b. Within 180 days after the effective date of these Orders, Respondent shall pay to Ohio EPA the amount of \$1,600.00;
 - c. Within 270 days after the effective date of these Orders, Respondent shall pay to Ohio EPA the amount of \$1,600.00; and
 - d. Within 365 days after the effective date of these Orders, Respondent shall pay Ohio EPA the amount of \$1,600.00.

Respondent shall make each payment by tendering an official check made payable to "Treasurer, State of Ohio." The official checks shall be submitted to Ohio EPA, Office of Fiscal Administration, Department L-2711, Columbus, Ohio 43260-2711, together with a letter identifying the Respondent. A copy of this check shall be sent to Ohio EPA Division of Materials and Waste Management, Supervisor, Administrative Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049.

3. In lieu of paying the remaining \$1,600.00 of the civil penalty to Ohio EPA, Respondent shall fund a supplemental environmental project (SEP) by making a contribution in the amount of \$1,600.00 to the Ohio EPA Clean Diesel School Bus Program (Fund 5CD) pursuant to the following schedule:
 - a. Within 90 days after the effective date of these Orders, Respondent shall pay to Ohio EPA the amount of \$400.00;
 - b. Within 180 days after the effective date of these Orders, Respondent shall pay to Ohio EPA the amount of \$400.00;
 - c. Within 270 days after the effective date of these Orders, Respondent shall pay to Ohio EPA the amount of \$400.00; and
 - d. Within 365 days after the effective date of these Orders, Respondent shall pay to Ohio EPA the amount of \$400.00.

Payments shall be made by official checks made payable to "Treasurer, State of Ohio." The official checks shall be submitted to Ohio EPA, Office of Fiscal

Administration, Department L-2711, Columbus, Ohio 43260-2711, together with a letter identifying Respondent and the Facility. A copy of these checks shall be sent to Ohio EPA Division of Materials and Waste Management, Supervisor, Administrative Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049 and to Ohio EPA, Division of Air Pollution Control, Manager, Compliance and Enforcement Section, P.O. Box 1049, Columbus, Ohio 43216-1049.

4. Should Respondent fail to fund the SEP within the required time frames established in Order Nos. 3.a. through 3.d., Respondent shall pay to Ohio EPA the missed payment amount no later than 7 days after the missed payment due date. Payment shall be made in accordance with the procedures established in Order No. 2.

VI. TERMINATION

Respondent's obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and Ohio EPA's Division of Materials and Waste Management acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: "I certify that the information contained in or accompanying this certification is true, accurate and complete."

This certification shall be submitted by Respondent to Ohio EPA and shall be signed by a responsible official of Respondent. For purposes of these Orders, a responsible official is a corporate officer who is in charge of a principal business function of Respondent.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to, the operation of Respondent's Facility.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and

regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.

IX. MODIFICATIONS

These Orders may be modified by agreement of the parties hereto. Modifications shall be in writing and shall be effective on the date entered in the journal of the Director of Ohio EPA.

X. NOTICE

All documents, exclusive of penalty checks, required to be submitted by Respondent pursuant to these Orders shall be addressed to:

XI. RESERVATION OF RIGHTS

Ohio EPA reserves its rights to exercise its lawful authority to require Respondent to perform corrective action at the Facility at some time in the future, pursuant to ORC Chapter 3734, or any other applicable law. Respondent reserves its rights to raise any administrative, legal or equitable claim or defense with respect to any final action of the Director regarding such corrective action. Ohio EPA and Respondent each reserve all other rights, privileges and causes of action, except as specifically waived in Section XII. of these Orders.

XII. WAIVER

In order to resolve disputed claims, without admission of fact, violation or liability, Respondent consents to the issuance of these Orders and agrees to comply with these Orders. Except for the right to seek corrective action at the Facility by Respondent, which right Ohio EPA does not waive, compliance with these Orders shall be a full accord and satisfaction for Respondent's liability for the violations specifically cited herein.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.

Notwithstanding the preceding, Ohio EPA and Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal. In such an event, Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated or modified.

XIII. EFFECTIVE DATE

The effective date of these Orders is the date these Orders are entered into the Ohio EPA Director's journal.

XIV. SIGNATORY AUTHORITY

Each undersigned representative of a party to these Orders certifies that he or she is fully authorized to enter into these Orders and to legally bind such party to these Orders.
