

**BEFORE THE
OHIO ENVIRONMENTAL PROTECTION AGENCY**

In the Matter of:

E. L. Stone Company, Inc. :
2998 Eastern Road :
Barberton, Ohio 44203-9412 :

Director's Final Findings
and Orders

ENTERED DIRECTOR'S JOURNAL

APR 19 2005

OHIO E.P.A.

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to E. L. Stone Company, Inc. ("Respondent") pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 3704.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of the Respondent or of the facility (as hereinafter identified) shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3704 and the regulations promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Respondent owns and operates a finishing facility that specializes in industrial application service of Teflon® low friction, non-stick and chemical resistant coatings. The facility is located at 2998 Eastern Road, Barberton, Ohio, and identified by Ohio EPA as facility identification number 1677020039. Respondent's facility is a Title V source, as defined in Ohio Administrative Code ("OAC") Rule 3745-77-01(LL), and is subject to the requirements of ORC Chapter 3704 and OAC Chapter 3745-77.

2. OAC Rule 3745-77-02(A) states, in part, that the owner or operator of a Title V source shall not operate such source after the date that a timely and complete Title V permit application is required, unless such application has been timely submitted or the source is in compliance with a Title V permit.

3. OAC Rule 3745-77-04(E) requires that a Title V permit renewal application be filed no earlier than eighteen months and no later than six months prior to the expiration of any Title V permit.

4. OAC Rule 3745-77-06(A) states, in part, that if the owner or operator of Title V source submits a timely and complete application for permit renewal, the failure to have a Title V permit is not a violation of this Chapter until the Director takes final action on the application.

5. ORC § 3704.05(C) states, in part, that no person who is a holder of a permit issued under ORC § 3704.03(F) or (G) shall violate any of its terms or conditions.

6. ORC § 3704.05(G) states, in part, that no person shall violate any order, rule, or determination of the Director issued, adopted, or made under ORC Chapter 3704.

7. ORC § 3704.05(J)(2) states, in part, that no person shall violate any filing requirement of the Title V permit program.

8. ORC § 3704.05(K) states, in part, that no person shall operate a source that is required to obtain a Title V permit unless a Title V permit has been issued authorizing operation of the source or unless a complete and timely application for the issuance, renewal, or modification of a Title V permit for the source has been submitted to the Director.

9. ORC § 3704.06(C) provides, in part, that any person violating ORC § 3704.05 shall pay a civil penalty of not more than \$25,000 for each day of each violation.

10. On September 30, 1998, Ohio EPA issued a final Title V permit for Respondent's facility (Ohio EPA facility identification number 16-77-02-0039). The permit's expiration date of September 30, 2003, was given in the Final Issuance cover page of the permit, as well as a statement that Title V permit renewal applications are to be filed no earlier than eighteen months and no later than six months prior to the expiration of any Title V permit.

11. In a letter dated September 6, 2002, Ohio EPA sent a notice of Title V permit expiration to Respondent. This letter stated that Respondent's Title V permit was to expire on September 30, 2003, and provided a description of the renewal application requirements and procedures.

12. Respondent failed to submit an application to renew its Title V permit to Ohio EPA at least six months prior to the permit expiration date (i.e., by April 3, 2003), in violation of OAC Rule 3745-77-04(E) and ORC § 3704.05(G) and (J)(2). Thus, Respondent lost the application shield protection provided by OAC Rule 3745-77-06(A).

13. Respondent submitted a complete Title V permit renewal application to Ohio EPA on June 19, 2003.

14. On and after September 30, 2003, Respondent has operated its Title V source without possessing a Title V permit or timely filing a Title V permit renewal application, in violation of OAC Rule 3745-77-02(A) and ORC § 3704.05(G) and (K).

15. On June 11, 2004, Ohio EPA issued a Notice of Violation ("NOV") to Respondent, citing it with violations of OAC Rules 3745-77-04(E), for failing to submit a timely application for renewal of its Title V permit, and OAC Rule 3745-77-02(A), for operating its Title V source after the expiration date of its Title V permit without possessing a Title V permit renewal permit or submitting a timely and complete Title V permit renewal application.

16. On June 22, 2004, Respondent submitted a response to the June 11, 2004, NOV. The response stated that a permit to install ("PTI") application to change the terms and conditions of the existing Title V permit had been submitted approximately one year before the required Title V renewal application filing date. Respondent stated that during meetings with Akron Regional Air Quality Management District ("ARAQMD"), it had been agreed it would be a waste of time and manpower to file a Title V renewal application before the issuance of the PTI. The PTI was issued on February 6, 2003. The PTI's General Terms and Conditions state "If the permittee is required to apply for a Title V permit pursuant to OAC Chapter 3745-77, the permittee shall submit a complete Title V permit application or a complete Title V permit modification application within twelve (12) months after commencing operation of the emissions units covered by this permit. However, if the proposed new or modified source(s) would be prohibited by the terms and conditions of an existing Title V permit, a Title V permit modification must be obtained before the operation of such new or modified source(s) pursuant to OAC rule 3745-77-04(D) and OAC rule 3745-77-08(C)(3)(d)." It should be noted, the PTI only addresses changes to eleven of twenty-six emissions units (excluding insignificant emissions units) at Respondent's facility.

17. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with the following Orders and their relation to benefits to the people of the State to be derived from such compliance.

V. ORDERS

The Director hereby issues the following Orders:

1. Within thirty (30) days after the effective date of these Orders, Respondent shall pay the amount of five thousand six hundred dollars (\$5,600) to Ohio EPA in settlement of Ohio EPA's claim for civil penalties, which may be assessed pursuant to ORC Chapter 3704. Payment shall be made by an official check made payable to "Treasurer, State of Ohio" and shall be submitted to Brenda Case, or her successor, with a letter identifying the Respondent and the facility, to:

Ohio EPA, Office of Fiscal Administration
P.O. Box 1049
Columbus, Ohio 43216-1049

A copy of the check shall be sent to James A. Orlemann, Enforcement Coordinator, Compliance and Enforcement, or his successor, at the following address:

Division of Air Pollution Control
Ohio Environmental Protection Agency
P.O. Box 1049
Columbus, Ohio 43216-1049

2. Respondent shall comply with the applicable terms and conditions of its Title V permit, as issued on September 30, 1998, for the emissions units not contained in PTI #16-02252 until the Director takes final action on the Title V permit renewal application submitted on June 19, 2003. Similarly, Respondent shall comply with the terms and conditions contained in PTI #16-02252 for the emissions units incorporated therein until the Director takes final action on the Title V permit renewal application submitted on June 19, 2003.

VI. TERMINATION

Respondent's obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and the Chief of Ohio EPA's Division of Air Pollution Control acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: "I certify that the information contained in or accompanying this certification is true, accurate and complete."

This certification shall be submitted by Respondent to Ohio EPA and shall be signed by a responsible official of Respondent. For purposes of these Orders, a responsible official is as defined in OAC Rule 3745-77-01(GG).

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to, the operation of Respondent's facility.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state, and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to the Respondent.

IX. MODIFICATIONS

These Orders may be modified by agreement of the parties hereto. Modifications shall be in writing and shall be effective on the date entered in the journal of the Director of Ohio EPA.

X. NOTICE

All documents required to be submitted by Respondent pursuant to these Orders shall be addressed to:

Akron Regional Air Quality Management District
146 South High Street, Room 904
Akron, Ohio 44308
Attention: Lynn Malcolm, Director

and to:

Ohio Environmental Protection Agency
Lazarus Government Center
Division of Air Pollution Control

P.O. Box 1049
Columbus, Ohio 43216-1049
Attention: Thomas Kalman, Manager, Enforcement Section

or to such persons and addresses as may hereafter be otherwise specified in writing by Ohio EPA.

XI. RESERVATION OF RIGHTS

Ohio EPA and Respondent each reserve all rights, privileges, and causes of action, except as specifically waived in Section XII of these Orders.

XII. WAIVER

In order to resolve disputed claims, without admission of fact, violation, or liability, and in lieu of further enforcement action by Ohio EPA for only the violations specifically cited in these Orders, Respondent consents to the issuance of these Orders and agrees to comply with these Orders. Compliance with these Orders shall be a full accord and satisfaction for the Respondent's liability for the violations specifically cited herein.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.

Notwithstanding the preceding, Ohio EPA and the Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal. In such an event, Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated, or modified.

XIII. EFFECTIVE DATE

The effective date of these Orders is the date these Orders are entered into the Ohio EPA Director's journal.

XIV. SIGNATORY AUTHORITY

Each undersigned representative of a party to these Orders certifies that he or she is fully authorized to enter into these Orders and to legally bind such party to these Orders.
