PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to Albert Screenprint, Inc. ("Respondent") pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 3704.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of the Respondent or of the facility (as hereinafter identified) shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3704 and the regulations promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Respondent operates a screen printing company with its principal place of business at 3704 Summit Road, Norton, Ohio, that is a Title V source, as defined in Ohio Administrative Code ("OAC") Rule 3745-77-01(LL), and is subject to the requirements of ORC Chapter 3704 and OAC Chapter 3745-77.

2. OAC Rule 3745-77-02(A) states, in part, that the owner or operator of a Title V source shall not operate such source after the date that a timely and complete Title V permit application is required, unless such an application has been timely submitted or the

source is in compliance with a Title V permit.

3. OAC Rule 3745-77-04(E) requires that a Title V permit renewal application be filed no earlier than eighteen months and no later than six months prior to the expiration date of any Title V permit.

4. OAC Rule 3745-77-06(A) states, in part, that if the owner or operator of Title V source submits a timely and complete application for permit renewal, the failure to have a Title V permit is not a violation of this Chapter until the Director takes final action on the application.

5. ORC § 3704.05(C) states, in part, that no person who is a holder of a permit issued under ORC § 3704.03(F) or (G) shall violate any of its terms or conditions.

6. ORC § 3704.05(G) states, in part, that no person shall violate any order, rule, or determination of the Director issued, adopted, or made under ORC Chapter 3704.

7. ORC § 3704.05(J)(2) states, in part, that no person shall violate any filing requirement of the Title V permit program.

8. ORC § 3704.05(K) states, in part, that no person shall operate a source that is required to obtain a Title V permit unless a Title V permit has been issued authorizing operation of the source or unless a complete and timely application for the issuance, renewal, or modification of a Title V permit for the source has been submitted to the Director.

9. ORC § 3704.06(C) provides, in part, that any person violating ORC § 3704.05 shall pay a civil penalty of not more than \$25,000 for each day of each violation.

10. The Akron Regional Air Quality Management District ("ARAQMD") is Ohio EPA's contractual representative in Medina, Portage, and Summit Counties.

11. On September 4, 1998, Ohio EPA issued a final Title V permit for Respondent's facility (Ohio EPA facility identification number 16-77-02-0066). The permit's expiration date of September 3, 2003, was given in the Final Issuance cover page of the permit, as well as a statement that Title V permit renewal applications are to be filed no earlier than eighteen months and no later than six months prior to the expiration date of any Title V permit.

12. In a letter dated September 6, 2002, Ohio EPA sent a notice of Title V permit expiration to Respondent. This letter stated that Respondent's Title V permit was to expire on September 3, 2003, and provided a description of the renewal application requirements and procedures.

13. Respondent failed to submit an application to renew its Title V permit to Ohio EPA at least six months prior to the permit expiration date (i.e., by March 7, 2003), in violation of OAC Rule 3745-77-04(E) and ORC § 3704.05(G) and (J)(2).

14. Respondent submitted a complete Title V permit renewal application to Ohio EPA on August 28, 2003, one hundred and seventy-four (174) days after the filing due date.

15. Respondent's Title V permit expired on September 3, 2003. Respondent continued to operate a Title V source without a Title V permit or a timely filed and complete renewal application, in violation of OAC Rule 3745-77-02(A) and ORC § 3704.05(G) and (K).

16. On June 8, 2004, ARAQMD inspected Respondent's facility. During the course of the inspection, ARAQMD identified four deficiencies regarding recordkeeping required by Respondent's expired Title V permit which were immediately corrected by Respondent.

17. On June 11, 2004, Ohio EPA issued a Notice of Violation ("NOV") to Respondent, citing it with violations of OAC Rules 3745-77-04(E), for failing to submit a timely and complete application for renewal of its Title V permit, and 3745-77-02(A), for operating a Title V facility without a Title V permit or a timely filed and complete application.

18. In a letter dated July 12, 2004, Respondent replied to Ohio EPA's NOV. Respondent stated that as a result of voluntarily converting its presses to UV-inks starting in 1997, its printing operations had produced no VOC emissions since mid-2003. Respondent stated that it had determined it would renew its Title V permit as if it were still using conventional solvents in order to retain flexibility for its operations if it ever needed to return to the use of conventional solvent-based inks again.

19. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with the following Orders and their relation to benefits to the people of the State to be derived from such compliance.

V. ORDERS

The Director hereby issues the following Orders:

1. Within fourteen (14) days after the effective date of these Orders, Respondent shall pay the amount of five thousand dollars (\$5,000) to Ohio EPA in settlement of Ohio EPA's claim for civil penalties, which may be assessed pursuant to ORC Chapter 3704. Payment shall be made by an official check made payable to "Treasurer, State of Ohio" and shall be submitted to Brenda Case, or her successor, with a letter identifying the Respondent and the facility, to:

Ohio EPA, Office of Fiscal Administration

Columbus, Ohio 43216-1049

A copy of the check shall be sent to James A. Orlemann, Assistant Chief, Compliance and Enforcement, or his successor, at the following address:

2. Respondent shall continue to comply with all terms and conditions of its Title V permit, as issued on September 4, 1998, until the Director takes final action on the application submitted on August 28, 2003.

VI. TERMINATION

Respondent's obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and the Chief of Ohio EPA's Division of Air Pollution Control acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: "I certify that the information contained in or accompanying this certification is true, accurate and complete."

This certification shall be submitted by Respondent to Ohio EPA and shall be signed by a responsible official of Respondent. For purposes of these Orders, a responsible official is as defined in OAC Rule 3745-35-02(B)(1) for a corporation.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to the operation of Respondent's facility.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state, and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to the Respondent.

IX. MODIFICATIONS

Compliance with these Orders shall be a full accord and satisfaction for the Respondent's liability for the violations specifically cited herein.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.
