CERTIFIED MAIL

Subject: Emergency Order Effective Immediately pursuant to ORC 6109.05(B) and OAC 3745-47-19

Dear Mr. Bates:

I am writing with regard to your Class 3 Water Supply Certificate issued to you by Ohio EPA pursuant to Ohio Administrative Code (OAC) Chapter 3745-7. On January 25, 2016, I issued a proposed revocation of your Class 3 Water Supply Certificate and an emergency order based on violations of Ohio Revised Code (ORC) Chapter 6109, and the rules thereunder. Further investigation into your actions as an Operator of Record indicates that you have violated provisions of OAC Chapter 3745-7 such that this additional emergency order is necessary.

In violation of OAC 3745-7-09, your actions as a certified operator constitute: performing your duties in a negligent or incompetent manner; operating in a manner which endangers public health or welfare; submitting misleading, inaccurate, or false reports; failing to perform your duties in a manner consistent with standard operating procedures and best management practices; failing to perform responsible and effective onsite management and supervision; and operating in such a manner to have violated or caused to be violated provisions of ORC Chapter 6109.

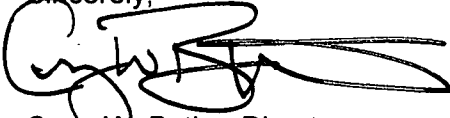

These violations represent a continued threat to the public health or welfare. Due to the severity of the threat to public health because of these violations of ORC Chapter 6109 and the rules adopted thereunder, I hereby determine and declare that a water supply emergency exists and that immediate action is required to protect public health or welfare and the owner or operator of a public water system has not taken such action. I am issuing this emergency order in accordance with ORC 6109.05(B), and with the issuance of this emergency order, I hereby order you to:

1. Immediately cease functioning or serving as an Operator of Record at any PWS;
2. Immediately not interfere with others serving as an Operator of Record at any PWS; and
3. Immediately comply with all requirements of ORC Chapter 6109, and the rules adopted thereunder.

This order will remain in effect for 90 days, unless the director extends the effectiveness of the order for additional periods in accordance with ORC 6109.05(B).

In accordance with ORC 6109.05(B) and OAC 3745-47-19, you may request a hearing within ten days after receipt of this order. If a hearing is requested in accordance with ORC 6109.05(B) and OAC 3745-47-19, the hearing will be held within forty-eight hours to consider the issues raised by the adjudication hearing request. If necessary to obtain necessary evidence, the hearing examiner may continue the adjudication hearing, but shall reconvene the adjudication hearing as soon as possible and not later than 20 days. At an adjudication hearing you may appear in person, or be represented by your attorney, or by such representative as is permitted to practice before this Agency, or you may present your position, arguments, or contentions in writing. At the hearing you may present evidence and examine witnesses appearing against you. The request for a hearing shall be in writing and shall specify the issues of fact and law to be contested. Requests for a hearing shall be submitted in writing to the Hearing Clerk, Ohio EPA, P.O. Box 1049, Columbus, Ohio 43216-1049.

Sincerely,

Craig W. Butler, Director
