Re: Charles Handell Dump  
Director's Authorization  
Approval  
Scrap Tires  
Hardin County  
ST020737

**Subject: Charles Handell Dump, Hardin County  
OAC Rule 3745-27-54(A)(2)(m) Approval**

Dear Ms. Miller & Mr. Miller:

On April 14, 2016, and June 23, 2016, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Northwest District Office (NWDO) received verbal requests to transport more than ten scrap tires from your property located at 13528-13546 CR 90 Kenton, Ohio in Hardin County (Property). This request is to allow Rodney Miller, Janet Miller's son, to transport scrap tires from the Property to a licensed solid waste transfer facility without registering to be a scrap tire transporter. This request is in response to you purchasing a property with 750-900 scrap tires on it, and a notice of violation that was transferred to you from the previous Property owner.

Ohio Administrative Code (OAC) Rule 3745-27-54(A)(2)(m) states, in relevant part, that a person may transport scrap tires without obtaining a scrap tire transporter registration if the director specifically authorizes that person, in writing, to transport their scrap tires in order to remove scrap tires from a property to abate a public nuisance or open dump.

In accordance with OAC Rule 3745-27-54(A)(2)(m), I hereby authorize Rodney Miller to transport scrap tires from 13528-13546 CR 90 in Kenton, Ohio to Hardin County Solid Waste Facility, which is a licensed solid waste transfer station, located at 45 Jones Road, Kenton, Ohio. You are directed to remove and dispose of the scrap tires present on your property.

Be advised that only Rodney Miller is authorized to transport the scrap tires under this authorization and may only use vehicles owned or leased by Rodney Miller.

This authorization shall expire on October 31, 2016, or at the time scrap tire cleanup is complete, whichever occurs first.

Be advised that Rodney Miller must comply with the shipping paper requirements outlined in OAC Rule 3745-27-57. Place a copy of this letter in any vehicle used for transportation of scrap tires, as authorized by this letter.

You are hereby notified that this action of the Director of Ohio EPA (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission  
77 South High St., 17<sup>th</sup> Floor  
Columbus, Ohio 43215

If you have any questions concerning this letter, please contact Kristin Tillison, DMWM, NWDO at 419-373-3064.

Sincerely,

Craig Butler, Director
