Subject: Hazardous Waste Permit Modification - Class 1A Approval

Dear Ms. Boone:

On August 23, 2016, Ohio EPA received a request for a Class 1A (Class 1 requiring prior approval) hazardous waste permit modification from INEOS Nitriles USA Inc. dated August 22, 2016. The modification requested the following change to the permit:

Updates to the Standby Trust Agreement and financial assurance for closure and post-closure care.

With this letter, Ohio EPA approves the above referenced Class 1A modification1 submitted pursuant to Ohio Administrative Code (OAC) Rule 3745-50-51, and accordingly has updated the facility’s permit application and/or permit. The updated application/permit can be retrieved from the Agency’s eDocument Search website: http://edocpub.epa.ohio.gov/publicportal/edochome.aspx. Using the search function, search under the document type of “Permit” and then refine the search using the facility’s RCRA ID number (Secondary ID) which is noted in the RE: block above.

If you have any questions concerning this letter, please contact Gary Deutschman of my staff at (419) 373-3056.

Sincerely,

Shannon Nabors
Chief, Northwest District Office
