North Canton, Ohio 44720	:	

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to Valentine Contractors, Inc. ("Respondent") pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 3704.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of the Respondent shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3745 and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA makes the following findings:

1. Respondent is a masonry contractor with an office located at 7680 Whipple Avenue NW in North Canton, Ohio. Respondent employs concrete sawing equipment in its operations.
2. Akron Regional Air Quality Management District ("ARAQMD") is a contractual agent for Ohio EPA in Summit County.

3. A "fugitive dust source," in part, is defined in OAC Rule 3745-17-01(B)(7) as any source which emits fugitive dust as defined in OAC Rule 3745-17-01(B)(6). "Fugitive dust" means particulate matter which is emitted from any source by means other than a stack. The outdoor operation of masonry sawing equipment emits fugitive dust and constitutes a fugitive dust source and an "air contaminant source," as defined in OAC Rule 3745-15-01(C) and (X).

4. OAC Rule 3745-17-08(A)(1) states, in part, that the requirements of OAC Rule 3745-17-08(B) apply to any fugitive dust source which is located within the areas identified in Appendix A of such rule, unless otherwise provided in OAC Rule 3745-17-08(A)(3). The City of Akron is listed in Appendix A.

5. OAC Rule 3745-17-08(B) states, in part, that no person shall cause or permit any fugitive dust source to be operated; or any materials to be handled, transported, or stored; or a building to be constructed, altered, repaired, or demolished without taking or installing reasonably available control measures to prevent fugitive dust from becoming airborne. Such reasonably available control measures shall include, but not be limited to, the use of water or other suitable dust suppression chemicals for control of fugitive dust from construction operations and/or the use of adequate containment methods.

6. On May 30, 2008, Respondent's employees generated fugitive dust by the sawing of concrete block without employing any dust control measures during a work project at the Akrochem facility on Huntington Avenue in the City of Akron, in violation of OAC Rule 3745-17-08(B). A copy and explanation of OAC Rule 3745-17-08 were provided to Respondent by ARAQMD, along with an Order to Comply.

7. On June 6, 2008, Respondent's employees generated fugitive dust by the sawing of concrete block without employing any dust control measures during a work project at the Akrochem facility on Huntington Avenue in The City of Akron, in violation of OAC Rule 3745-17-08(B). Written orders were again issued to Respondent by ARAQMD.

8. On June 11, 2009, a citizen complaint was received by ARAQMD regarding excessive fugitive dust being generated by the sawing of stones without employing any dust control measures. On June 15, 2009, Respondent's employees generated fugitive dust by the sawing of stones without employing any dust control measures during a work project at The Howe House on West Exchange Street in the City of Akron, in violation of OAC Rule 3745-17-08. Written orders were given to Respondent.

9. By letter dated June 17, 2009, ARAQMD sent Respondent a warning letter for the violations referenced in Findings 6 through 8 of these Orders. The warning letter required Respondent to cease illegally operating

fugitive dust sources without employing reasonably available control measures and to submit a plan describing the dust control measures that would be utilized in the future. Respondent did not submit the aforementioned plan.

10. The OAC violations cited in the above findings also constituted violations of ORC § 3704.05(G), which prohibits any person from violating any OAC rule adopted by the Director of Ohio EPA pursuant to ORC Chapter 3704. OAC Chapter 3745-17 was adopted by the Director pursuant to ORC Chapter 3704.

11. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with the following Orders and their relation to benefits to the people of the State to be derived from such compliance.

V. ORDERS

The Director hereby issues the following Orders:

VI. TERMINATION

Respondent's obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and the Chief of Ohio EPA's Division of Air Pollution Control acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: "I certify that the information contained in or accompanying this certification is true, accurate and complete."

This certification shall be submitted by Respondent to Ohio EPA and shall be signed by a responsible official of Respondent. For the purposes of these Orders, a responsible official is a principal executive officer of at least the level of vice president or his duty authorized representative.

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.
