Verhoff Machine and Welding

7300 Rd. 18

Continental, OH. 45831

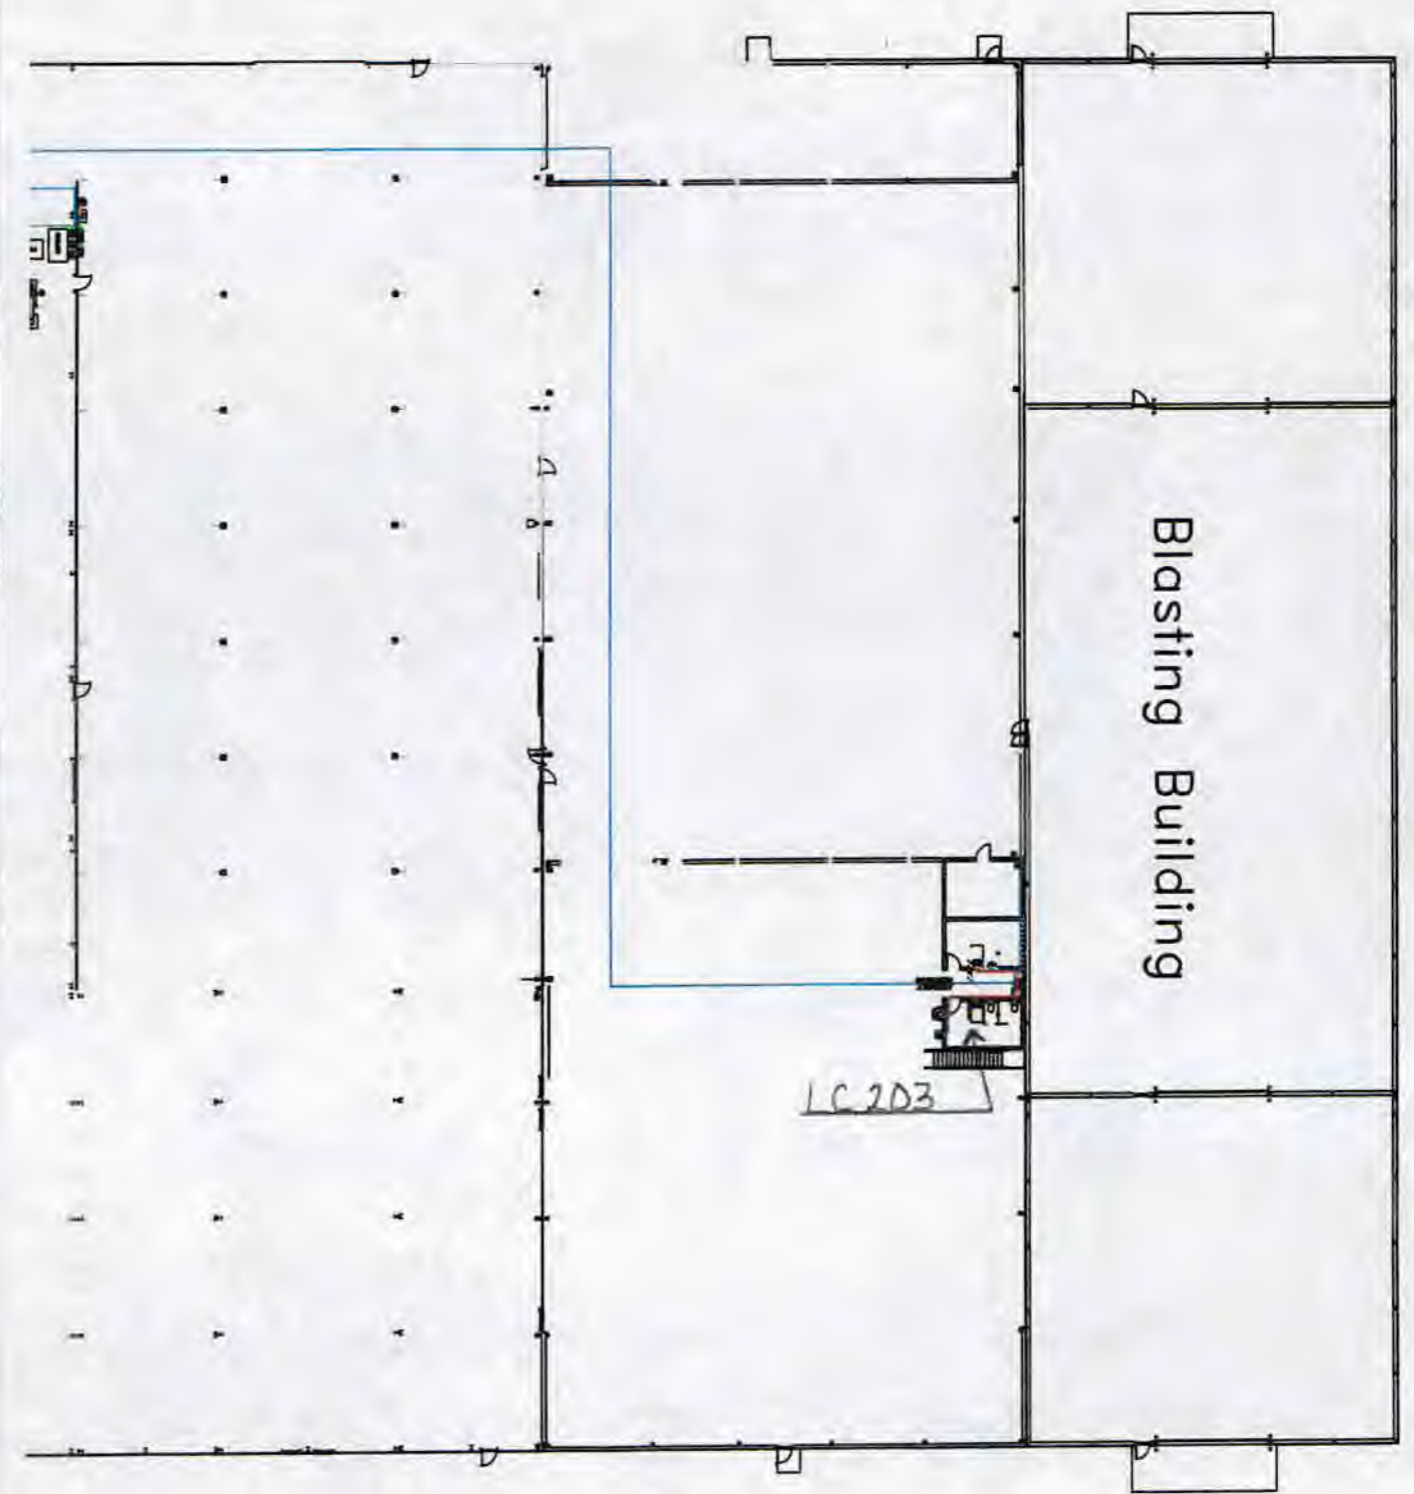

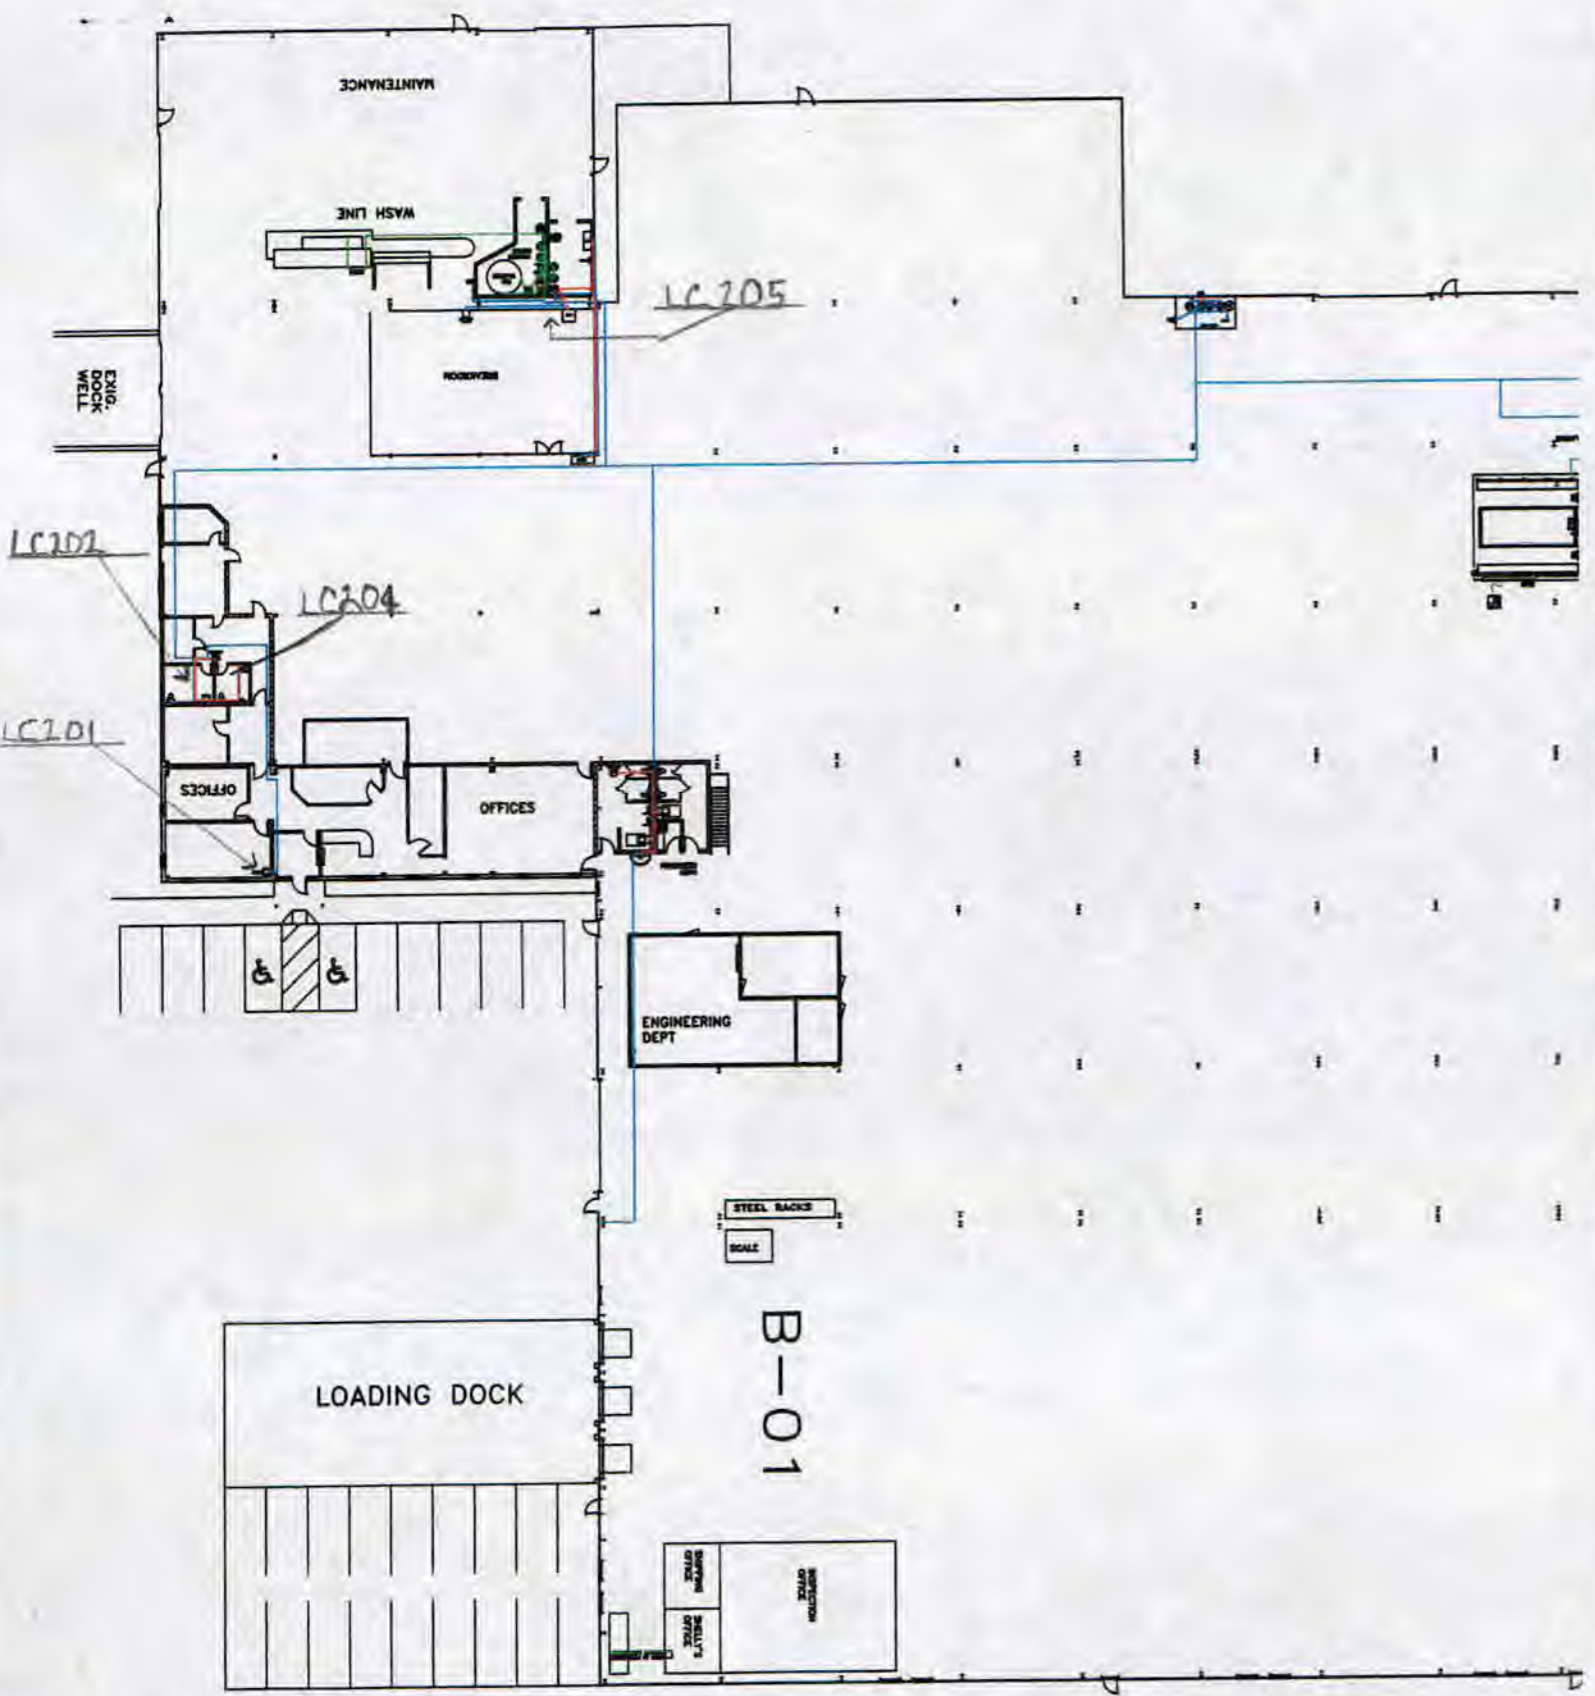

419-596-3202

PWS- OH6943312

- Verhoff Machine and Welding is a Nontransient Noncommunity System
- VMW is a small family owned fabrication facility

The current system is supplied by 1 well pump that passes thru alternating softeners and then thru a series of retention tanks. That then has peroxide injected to oxidize the h₂s in the incoming water. Then water comes in contact with UV disinfection and then passes thru a small R/O system to a 2000 gal. tank for usage.

The system consist of entirely of pvc to the fixtures on the system.
