

RE: Garner Transportation Group
Report
Drinking Water Program
Hancock County
PWS ID: OH3245612

RECEIVED

FEB 21 2017

OHIO E.P.A.
N.W.D.O.

Key for Garner Trucking Property

Building A: The building was constructed in 1995 and has PVC plumbing into the building and throughout both floors. There is a sample tap in the utility room at the north west corner of the building.

Building B: The building was constructed in 1973. It has plastic pipe from the well into the building and has both copper and PVC plumbing throughout the building. To the best of our knowledge there is no lead plumbing in the building. The well at building B supplies both buildings. There is plastic plumbing connecting the two buildings. There is a sample tap located in the restroom in the office in the north west corner of the building.

There is bottled drinking water provided for both buildings.

Yellow = Lead

Green = No Lead
