

Western Guernsey Regional Water
61786 Shaw Road
Cambridge Ohio 43725
PWS ID # 3001103

Western Guernsey Regional Water does not own or operate the source and treatment of our water supply. We buy treated water from the City of Cambridge and resell to our customers. This classifies us as a Purchased Surface Water System. We began in 1973 with 200 customers and now have 1150 customers.

We read our customers meters monthly, (meters are in pits) and have not found any lead lines on our side or customer side. I know we have nothing but plastic in our system and have never found anything other, on customers side. When lead testing began we surveyed our system for lead and could not find any. I believe our system is lead free.
