

RE: NW Water& Sewer District Middleton Township
Report
Drinking Water Program
Wood County
PWS ID: OH8752212

PWSID OH8752212 **Middleton Township**

To the best of the owners' knowledge along with the review of tap permits and maintenance records there are no known lead service connections in this system. Waterline construction is made of asbestos cement and C-900 material. All service connections are made of copper or HDPE materials.
