

RE: NW Water& Sewer District Village of McComb
Report
Drinking Water Program
Hancock County
PWS ID: OH3200411

PWSID OH3200411 **Village of McComb**

To the best of the owners' knowledge there are no known lead service lines in this system. Review of historical water permits and maintenance records of line repairs and replacements no lead services have been located. Water mains are primarily cast and ductile iron materials. Service connections are direct taps made of brass and copper piping. Customer service lines are made of copper, steel and HDPE materials.
