Subject: Ohio House Bill 512 Lead and Copper Requirements

To whom it may concern:

Del-Co Water is a private non-profit company. Therefore we do not have access to building or plumbing permits. Del-Co relies on the observation of our distribution staff to locate possible lead service lines. This is done while performing the following job duties:

- Water main breaks
- Meter replacements
- Complaints or water quality issues
- Customer self-reporting
- Asbuilts

To date there has been no evidence of lead service lines on Del-Co Water's system. Enclosed is the sampling sites and mapping. If you have any questions please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "Damon K. Dye". The signature is written in a cursive style with a large, sweeping "D" and "Y".
