POTENTIAL LEAD SERVICES MAP

CITY OF SPRINGBORO

WARREN COUNTY, OHIO

February 23, 2017

City of Springboro
320 West Central Ave
Springboro, Ohio 45066

Ohio Department of Health Attn: Lead Program, 6th Floor
246 North High Street
Columbus, Ohio 43215

To Whom it may Concern,

Please find attached the Potential for Lead Services Map for the City of Springboro. The map indicates areas that we believe could potentially contain private Lead services and they are indicated by the yellow shading provided. The majority of the indicated properties are “older” established properties within our distribution system and we realize there is potential for those properties to contain the characteristics of possible lead services.

All of the areas indicated on the map are private residences and non-commercial or open to the public.

Sincerely,

Vincent Murphy
Director of Service
City of Springboro
