DEPARTMENT OF WATER SEWER DISTRIBUTION
AND CENTRAL GARAGE
1015 N. WALNUT

March 3, 2017

Due to the City of Alliance's age, it is likely that the majority of buildings including residential and commercial properties that are connected to the City water supply contain at the very least some fixtures that contain lead solder, or plumbing fixtures that contain lead.

Thank you,

A handwritten signature in blue ink, appearing to read "D. Hastings".

Doug Hastings
Superintendent
Alliance Water Distribution
1015 N. Walnut Ave.
