Entered Directors Journal

Dear Mr. Martin:

On September 26, 2017, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Northwest District Office (NWDO) received a request from Scott Cisco, District Coordinator, Auglaize County Solid Waste Management District, for you to transport more than ten scrap tires from your property located at 12712 Aqueduct Road, St. Marys, Auglaize County, Ohio, (the "Property") to the Auglaize County Solid Waste Management District's property located at 15502 St. Marys River Road, St. Marys, Ohio without a scrap tire transporter registration. The Solid Waste Management District's property is the location of community sponsored collection events.

Ohio Administrative Code (OAC) Rule 3745-27-54(A)(2)(m) provides that the requirement to register as a scrap tire transporter does not apply to a person "who is directed to remove scrap tires from a property to abate a public nuisance or open dump, if the director or health commissioner specifically authorizes the person to transport their scrap tires in writing" in accordance with OAC Rule 3745-27-54(A)(2)(m).

In accordance with OAC Rule 3745-27-54(A)(2)(m), I hereby authorize Bruce Martin to transport scrap tires from his address and the point of origin at 12712 Aqueduct Road, St. Marys, Ohio to the Auglaize County Solid Waste Management District's destination property located at 15502 St. Marys River Road, St. Marys, Ohio. Be advised that only you are authorized to transport the scrap tires under this authorization and may only use vehicles owned or leased by you.

Be advised that you must comply with the shipping paper requirements outlined in OAC Rule 3745-27-57. Place a copy of this letter in any vehicle used for transportation of scrap tires, as authorized by this letter. This authorization shall expire on February 1, 2018, or at the time scrap tire cleanup is complete, whichever occurs first.

Director's Final Findings and Orders issued to Bruce Martin on December 21, 2016, directed Mr. Martin to remove scrap tires open dumped on the Property. Pursuant to ORC 3734.85, you are granted an extension to comply with Order Number 4 of the December 21, 2016 Orders by February 1, 2018, consistent with this transportation authorization.

You are hereby notified that this action of the Director of Ohio EPA (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
30 East Broad Street, 4th Floor
Columbus, Ohio 43215

If you have any questions concerning this letter, please contact Kristin Tillison, DMWM, NWDO at 419-373-3064.

Sincerely,

Craig W. Butler
Director
