Director's Final
Findings and Orders

I certify this to be a true and accurate copy of the
official documents as filed in the records of the Ohio
Environmental Protection Agency.

PREAMBLE

It is agreed by the parties hereto as follows:

By: [Signature] Date: 3-17-10

I. JURISDICTION

These Director's Final Findings and Orders (Orders) are issued to Cardinal Bus Sales & Service, Inc. (Respondent) pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency (Ohio EPA) under Ohio Revised Code (ORC) §§ 3734.02(G), 3734.13, and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of the Respondent or of the Facility shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3734. and the rules promulgated there under.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Pursuant to ORC § 3734.02(G) and rule 3745-50-31 of the Ohio Administrative Code (OAC), the Director may, by order, exempt any person generating, storing, treating, or disposing of hazardous waste in such quantities or under such circumstances that, in the determination of the Director, it is unlikely that the

public health or safety or the environment will be adversely affected thereby from any requirement to obtain a permit or comply with other requirements of ORC Chapter 3734. Any such exemption shall be consistent with and equivalent to rules promulgated under the Resource Conservation and Recovery Act of 1976, 90 Stat. 2806, 42 U.S.C. § 6921 et seq., as amended.

2. Respondent is a "person" as defined in ORC § 3734.01(G) and Ohio Administrative Code (OAC) rule 3745-50-10(A).
3. Respondent operates a commercial bus sales and service facility located at 6280 Harding Highway, State Route 309 East, Lima, Allen County, Ohio 45801 (Facility).
4. At the Facility, Respondent generates "hazardous waste" as that term is defined by ORC § 3734.01(J) and OAC rules 3745-50-10(A) and 3745-51-03. Respondent is a conditionally exempt small quantity generator of hazardous waste and has been assigned EPA ID number OHR000157016. The hazardous wastes generated by Respondent at the Facility include spent solvent and paint related wastes (D001, D035, F003, F005). Respondent is also a used oil generator.
5. On August 7, 2009, Ohio EPA conducted a compliance evaluation inspection at the Facility. As a result of this inspection, Ohio EPA has determined that Respondent, *inter alia*:
 - a. Treated and disposed of hazardous waste without a permit by burning spent paint/solvent waste from the painting operations in a burn barrel at the back of the property, in violation of ORC § 3734.02 (E) and (F). Respondent burned, i.e., thermally treated, spent solvent and paint waste (F003 and F005) in 55-gallon metal drum and caused hazardous waste to be disposed of to the air. Additionally, this management generated a listed hazardous waste ash, F005, as described in OAC rule 3745-51-31;
 - b. Failed to properly evaluate spent fluorescent lamps to determine if they are hazardous before disposing of them, in violation of OAC rule 3745-52-11; and
 - c. Failed to label containers of used oil with the word "used oil" in violation of OAC rule 3745-279-22(C)(1).
6. By letter dated August 21, 2009, Respondent was notified of the violations

referenced in Finding No. 5. of these Orders.

7. By letters dated September 4, September 21, October 2, and October 23, 2009, Respondent submitted documentation in response to the violations referenced in Finding No. 5. of these Orders.
8. Based on a review of the documents submitted by Respondent, Ohio EPA determined that the violations referenced in Finding Nos. 5.b. and 5.c. have been abated. This review also determined that Respondent caused the unlawful transportation of listed hazardous waste ash, as described in Finding No. 5.a., to a solid waste landfill, in violation of ORC § 3734.02 (F)
9. By letter dated October 28, 2009, Respondent was notified of the abated violations, and the determination of the additional violation referenced in Finding No. 8 of these Orders.
10. Due to Respondent's establishment and operation of hazardous waste treatment and disposal facility as described in Finding No. 5. of these Orders, Respondent is required to have a hazardous waste facility installation and operation permit and is subject to all general facility standards found in OAC Chapters 3745-54 and 55, including but not limited to, closure in accordance with OAC rules 3745-55-11 through 3745-55-20, the financial assurance for closure requirements contained in OAC rules 3745-55-42 through 3745-55-51 and corrective action for waste management units in accordance with OAC rule 3745-54-101. To obtain a hazardous waste facility installation and operation permit, Respondent is required to submit "Parts A and B" of the application in accordance with OAC Chapter 3745-50.
11. The submittal of a Closure Plan which complies with the administrative requirements of OAC Chapters 3745-65 and 66 and the substantive requirements of OAC Chapters 3745-54 and 55 including, but not limited to, the groundwater protection program in accordance with OAC rules 3745-54-90 through 3745-54-100 in lieu of the submittal of an application for a hazardous waste facility installation and operation permit is unlikely to adversely affect the public health or safety or the environment. Therefore, the Director finds that the issuance to Respondent of an exemption from the requirement to submit an application for a hazardous waste facility installation and operation permit for the Facility is unlikely to adversely affect the public health or safety or the environment within the meaning of ORC § 3734.02(G).

V. ORDERS

Respondent shall achieve compliance with Chapter 3734. of the ORC and the regulations promulgated there under according to the following compliance schedule:

1. The Respondent is hereby exempted from the requirement to submit an application for a hazardous waste facility installation and operation permit for the Facility, *provided that* Respondent complies with the following:
 - a. Within 90 days of the effective date of the Orders, Respondent shall submit to Ohio EPA for review and approval a Closure Plan for the hazardous waste treatment and disposal area referenced in Finding No. 5. of these Orders;
 - b. This Closure Plan shall comply with the administrative requirements of OAC Chapters 3745-65 and 3745-66 and the substantive requirements of OAC Chapters 3745-54, and 3745-55, including but not limited to, the groundwater protection program in accordance with OAC rules 3745-54-90 through 54-100;
 - c. The Closure Plan is subject to approval by Ohio EPA. If Ohio EPA does not approve the Closure Plan and provides Respondent with a written statement of deficiencies, Respondent shall submit a revised Closure Plan for approval addressing the deficiencies within 30 days of receiving such written statement. If Ohio EPA modifies the Closure Plan, the modified Closure Plan becomes the approved plan;
 - d. Upon Ohio EPA's written approval of the Closure Plan, Respondent shall implement the approved Closure Plan in the manner and pursuant to the time frames set forth in the approved Closure Plan and OAC rules 3745-55-13/3745-66-13;
 - e. Within 30 days after the approval of the Closure Plan pursuant to Order No. 1.d., above, Respondent shall submit to Ohio EPA for review, comment and approval a closure cost estimate. Within 30 days after approval of the closure cost estimate, Respondent shall establish financial assurance and liability coverage for the areas of the Facility subject to closure, in accordance with OAC rules 3745-55-42 through 3745-55-47; and

- f. Within 60 days after completion of closure, Respondent shall submit certification of closure to Ohio EPA in accordance with OAC rules 3745-55-15. Closure certification of the area described in Order No. 1.a. will abate the violations referenced in Finding Nos. 5.a. of these Orders.
2. Respondent shall pay Ohio EPA the amount of \$17,000.00 in settlement of Ohio EPA's claims for civil penalties, which may be assessed pursuant to ORC Chapter 3734. in accordance with the following provisions:
 - a. Within 30 days after the effective date of these Orders, Respondent shall pay Ohio EPA the amount of \$13,600.00 in settlement of Ohio EPA's claims for civil penalties, which may be assessed pursuant to ORC Chapter 3734. and which will be deposited into the hazardous waste cleanup fund established pursuant to ORC § 3734.28. Payment shall be made by an official check made payable to "Treasurer, State of Ohio" for \$13,600.00. The official check shall be submitted to Ohio EPA, Office of Fiscal Administration, Department L-2711, Columbus, Ohio 43260-2711, together with a letter identifying Respondent. A copy of this check shall be submitted in accordance with Section X. of these Orders.
 - b. In lieu of paying the remaining \$3,400.00 of civil penalty to Ohio EPA, Respondent shall fund a supplemental environmental project (SEP) by making a contribution in the amount of \$3,400.00 to the Ohio EPA Clean Diesel School Bus Program (Fund 5CD). Respondent shall make the payment within 30 days after the effective date of these Orders by tendering an official check made payable to "Treasurer, State of Ohio" for \$3,400.00. The official check shall be submitted to Brenda Case, or her successor, Ohio EPA, Office of Fiscal Administration, Department L-2711, Columbus, Ohio 43260-2711, together with a letter identifying Respondent. A copy of this check shall be submitted in accordance with Section X. of these Orders, and an additional copy of this check shall be sent to James A. Orlemann, Assistant Chief, SIP Development and Enforcement, or his successor, Ohio EPA, Division of Air Pollution Control, P.O. Box 1049, Columbus, Ohio 43216-1049.
 - c. Should Respondent fail to fund the SEP within the required time frame established in Order No. 2.b., Respondent shall pay to Ohio EPA, within 7 days after failing to comply with Order No. 2.b., the amount of \$3,400.00 in accordance with the procedures in Order No. 2.a.

VI. TERMINATION

Respondent's obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and Ohio EPA's Division of Hazardous Waste Management acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: "I certify that the information contained in or accompanying this certification is true, accurate and complete."

This certification shall be submitted by Respondent to Ohio EPA and shall be signed by a responsible official of Respondent. For purposes of these Orders, a responsible official is a [e.g., corporate officer] who is in charge of a principal business function of Respondent.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations.
