**Subject: Modified Final Permit to Install for Girard Transfer Station**

Dear Sir or Madam:

Transmitted within is modified permit to install (PTI) number 1153251. This approval modifies the final PTI that was issued on April 2, 2018.

Because this is a reissuance of PTI number 1153251 in modified form, and does not constitute issuance of a new PTI, the permit fee referenced on Page 1 of the PTI approval does not need to be remitted twice. Originally, the permit fee was included in the PTI issued on April 2, 2018. Therefore, no permit fee is required to be remitted in response to issuance of this modified PTI.

You are hereby notified that this action of the Director of Ohio EPA (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission  
30 East Broad Street, 4th Floor  
Columbus, Ohio 43215

Entered Directors Journal

The above-named entity is hereby issued a permit-to-install (permit) for the above-described source pursuant to Ohio Administrative Code (OAC) Rule 3745-555-10. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed and/or modified in accordance with the plans, specifications and/or information accompanying the permit application, the above-described source of environmental pollutants will operate in compliance with applicable state and federal laws, rules, and regulations, and does not constitute expressed or implied assurances that if constructed and/or modified in accordance with those plans, specifications, and/or information accompanying the permit application, the above-described source of environmental pollutants will be granted the necessary operating permits and/or licenses. This permit is issued subject to the attached conditions which are hereby incorporated and made a part hereof.

In accordance with Ohio Revised Code (ORC) Section 3734.44, the applicant has exhibited sufficient reliability, expertise, and competency to operate the solid waste facility. This determination is made based upon review of the disclosure statements submitted pursuant to ORC Section 3734.42

Ohio Environmental Protection Agency

## **PTI SUMMARY**

This is a FINAL permit-to-install (PTI No. 1153251) which authorizes construction and operation of Girard Transfer Station (Transfer Facility) located at 1025 Bundy Avenue, Youngstown, Ohio in Trumbull County. Ohio Valley Waste Service, Inc. is the owner and operator and is the PTI applicant.

The operator will also establish financial assurance for facility closure. The proposed Transfer Facility has been designed in accordance with OAC Chapter 3745-555.

The transfer facility will be used to transfer municipal solid waste to a municipal solid waste disposal facility and to sort out recyclables from the incoming waste. Materials will be deposited directly onto the Transfer Facility tipping floor, sorted, consolidated, and reloaded into transfer trailers for transport to a licensed solid waste disposal facility.

This summary is provided solely for informational purposes and does not constitute a part of, or otherwise affect, the attached permit.

## **PTI CONDITIONS**

1. The Director of the Ohio EPA (Director), or an authorized representative, may enter upon the premises of the above-named applicant (permittee) at any reasonable time during construction and operation for the purpose of making inspections, conducting tests, or examining records or reports pertaining to the construction, modification, or installation of the above-described source of environmental pollutants (solid waste transfer facility).
2. The proposed Transfer Facility shall be constructed in strict accordance with the plans, specifications, and information submitted as part of the application for this permit. There may be no deviation from the approved permit or the permit conditions without the express, written approval of the Ohio Environmental Protection Agency (Ohio EPA). Any deviation from the approved permit or the permit conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of these plans does not constitute an assurance that the proposed Transfer Facility will operate in compliance with all Ohio laws and regulations. Additional facilities shall be installed upon orders of Ohio EPA if the proposed Transfer Facility is inadequate or cannot meet applicable standards.
3. Issuance of this permit to install does not relieve the permittee of the duty to comply with all applicable federal, state, and local laws, ordinances, and regulations.
4. This permit shall apply only to the Transfer Facility shown on the plans submitted as part of PTI application number 1153251, received May 15, 2017.
5. This permit may be modified, or alternatively revoked and reissued, to comply with any revisions to OAC Chapter 3745-555 applicable to this Transfer Facility.

6. The owner or operator shall provide for the proper maintenance and operation of the Transfer Facility in accordance with the provisions of OAC Chapter 3745-555.
7. This permit does not authorize the acceptance of any hazardous or infectious waste, except for those excluded from hazardous or infectious waste regulation by ORC Chapter 3734.
8. This permit does not authorize the acceptance of any asbestos or asbestos containing waste material that is subject to the provisions of NESHAP, 40 CFR Part 61, Subpart M.
9. This permit does not authorize the acceptance of whole or shredded scrap tires or dedicated loads of source-separated yard waste unless the whole or shredded scrap tires or dedicated loads of source-separated yard waste are managed in accordance with OAC Rules 3745-555-650(G)(8) and (G)(10) or are transferred to another state for management in accordance with the laws of that state.
10. Not later than thirty (30) days after permit issuance, the permittee shall execute and fully fund a financial assurance instrument which meets the requirements of OAC Rules 3745-503-05 and 3745-503-20.
11. Nothing in this permit shall be construed to authorize any waiver from the requirements of any applicable federal or state laws or regulations except as specified herein. This permit approval shall not be interpreted to release Ohio Valley Waste Service, Inc. from responsibility under ORC Chapters 3704, 3714, 3734, or 6111; under the Federal Clean Water Act, the Resource Conservation and Recovery Act, or the Comprehensive Environmental Response, Compensation, and Liability Act; or from other applicable requirements for remedying conditions resulting from any release of contaminants to the environment.
