**Subject: Statewide Landfill, Stark County
 Ohio Administrative Code (OAC) Rule 3745-27-10(C)(7)(g) Approval**

Dear Mr. Wyatt:

On June 7, 2018, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Northeast District Office (NEDO) received a response dated June 6, 2018, titled "Response to Ohio EPA Letter Dated March 2, 2018" from the Statewide Recycling and Disposal Facility (Statewide), located in Stark County. The document was submitted in accordance with Ohio Administrative Code (OAC) Rule 3745-27-10(C)(7)(g) by Waste Management Inc. for Statewide located at 4720 Dueber Avenue SW, Canton, Ohio. The response contains more information in support of Statewide's original request to update background for MW5C-1 (chloride) dated September 14, 2016. Statewide was able to demonstrate that the chloride values included in the background update request were not outliers and the proposed background dataset did not exhibit any statistically significant trends.

Pursuant to OAC Rule 3745-27-10(C)(7)(g), background data can be added only in blocks of data resulting from the analysis of four or more statistically independent samples after the data have been statistically compared to the current background data and no statistical differences are detected, unless another method is deemed acceptable to the director.

Statewide has proposed using the following statistically significant data from MW5C-1 (chloride) as part of the facility's background data.

<u>Well Number</u>	<u>Parameter</u>	<u>Date</u>	<u>Result (mg/L)</u>
MW5C-1	Chloride	10/22/12	525
MW5C-1	Chloride	12/14/12	324
MW5C-1	Chloride	10/14/13	386

Ohio EPA has reviewed the applicable information and concurs with the addition of the above data to existing background data. Therefore, pursuant to OAC Rule 3745-27-10(C)(7)(g), the owner or operator is hereby authorized to incorporate the above data in the facility's background data.

You are hereby notified that this action of the Director of Environmental Protection (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Ohio Revised Code Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
