Subject: Hazardous Waste Permit Modification - Class 1A Approval

Dear Mr. Plute:

On November 8, 2018, Ohio EPA received a request for a Class 1A (Class 1 requiring prior approval) hazardous waste permit modification from Retriev Technologies, Inc. dated November 5, 2018. The modification requested the following change to the permit:

An update to the floodplain compliance requirements. The Federal Emergency Management Agency issued a letter of map revision, and thus the Retriev Technologies property is no longer located in the 100-year floodplain.

With this letter, Ohio EPA approves the above referenced Class 1A modification\(^1\) submitted pursuant to Ohio Administrative Code (OAC) Rule 3745-50-51, and accordingly has updated the facility’s permit application and/or permit. The updated application/permit can be retrieved from the Agency’s eDocument Search web site: http://edocpub.epa.ohio.gov/publicportal/edochome.aspx. Using the search function, search under the document type of “Permit” and then refine the search using the facility’s RCRA ID number (Secondary ID) which is noted in the RE: block above.

If you have any questions concerning this letter, please contact Daniel DiMeo of my staff at 614-728-5037.

Sincerely,

Bradley Mitchell
Hazardous Waste Program Manager
Division of Environmental Response and Revitalization
