

Mike DeWine, Governor Jon Husted, Lt. Governor Laurie A. Stevenson, Director

February 11, 2021

Larry Hanna Administrator Fairfield Dept of Health 1550 Sheridan Drive, Suite 100 Lancaster, Ohio 43130 Re: Fairfield Department of Health Director's Authorization Approval Health District Partners Fairfield HD2300

Subject: Placement on the director's approved lists Solid & Infectious Waste Programs C&DD Program

Dear Mr. Hanna:

On January 8, 2021, the Ohio Environmental Protection Agency (Ohio EPA) completed its annual survey of your health district regarding your Solid and Infectious Waste Programs and Construction and Demolition Debris Program in accordance with Ohio Administrative Code (OAC) Rule 3745-37-08. The annual survey included the time period between October 22, 2019 and January 8, 2021.

Upon review of the survey findings, I have determined that the Fairfield Department of Health is in substantial compliance and I hereby place the Fairfield Department of Health on my approved lists of health districts authorized to administer and enforce the solid and infectious waste and construction and demolition debris laws and rules in accordance with Sections 3734.08 and 3714.09 of the Ohio Revised Code.

Additionally, you are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to ORC Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Fairfield Dept. of Health Director's Authorization Page 2

Environmental Review Appeals Commission 30 East Broad Street, 4th floor Columbus, Ohio 43215

I consider our agencies regulatory partners and appreciate the efforts of your dedicated staff. I recognize the extraordinary role your agency has played in addressing the COVID-19 pandemic, and the challenge this incredible response may have had on health district staffing and implementation of your Solid and Infectious Waste and Construction and Demolition Debris programs. If at any time Ohio EPA can provide assistance to support these programs, please encourage your staff to contact Ohio EPA's Central District Office.

Enclosed please find a copy of the annual survey evaluation report for your health district, which includes an assessment of administrative activities. Please note that this annual survey evaluation has been modified due to the COVID-19 pandemic, which may have adjusted the survey period and the conventional scope of file review and field inspections. Ohio EPA hopes to resume the normal evaluation procedure for future annual surveys. If you have questions or comments regarding the manner in which our agencies administer these programs, please contact me or Vlad Cica, Chief of the Division of Materials and Waste Management.

If you have any questions concerning this letter, please contact Phil Farnlacher of Ohio EPA's Central District Office by telephone at (614) 728-3890.

Sincerely,

ram a.

Laurie A. Stevenson Director

Annual Survey Evaluation Report

Ohio EPA's Delegation of the Solid & Infectious Waste and Construction & Demolition Debris Programs to Local Health Districts

Health District: Fairfield Department of Health Core ID: 441549	Survey Period: Start Date: 10/22/2019 End Date: 1/8/2021	
Secondary ID: HD2300	Ohio EPA Inspector: Phil Farnlacher	

Administrative Review

A health district either meets program requirements (Y), does not meet program requirements (N), or requirements are not applicable (N/A). Upon review of health district records and other documentation, Ohio EPA made the following conclusions:

	Solid & Infectious Waste (ORC 3734)		Construction & Demolition Debris (ORC 3714)			
	Y	Ν	N/A	Y	Ν	N/A
OAC Rule 3745-37-08(C)(1) and (D)(1)	\boxtimes			X		
Applications for licenses are on file for each licensed solid waste, infectious waste treatment, or Cⅅ facility in the health district.						
OAC Rule 3745-37-08(C)(2) and (D)(2)				\boxtimes		
Applications are properly completed with all required information.						
OAC Rule 3745-37-08(C)(3) and (D)(3)				Χ		
All known solid waste, infectious waste treatment, and Cⅅ facilities operating in the health district do hold valid and unexpired licenses.						
OAC Rule 3745-37-08(C)(4)						
No license has been issued for any new solid waste or new infectious waste treatment facility prior to the director's issuance of required permits and approval of required detail plans.						
OAC Rule 3745-37-08(C)(5) and (D)(4)	X			X		
Certification of inspection and compliance has been made to the director within thirty days after issuance of any license.						
OAC Rule 3745-37-08(C)(6) and (D)(5)	\boxtimes			X		
The health district inspects solid waste, infectious waste treatment, and Cⅅ facilities with sufficient frequency to ensure substantial compliance.		25				

	Solid & Infectious Waste (ORC 3734)		Construction & Demolition Debris (ORC 3714)			
	Y	N	N/A	Y	Ν	Ń/A
OAC Rule 3745-37-08(C)(7) and (D)(6)	\boxtimes			\boxtimes		
The health district maintains a file of information relating to each licensed solid waste, infectious waste treatment, and Cⅅ facility throughout each facility's operation and applicable closure periods. Each file includes applications for licenses, certification records, inspection records, approved plans, litigation information (except that privileged by the attorney-client relationship), and other pertinent information.						
OAC Rule 3745-37-08(C)(8) and (D)(7)	\boxtimes			\boxtimes		
The health district undertakes appropriate actions against persons whenever necessary to bring about substantial compliance with Chapters 3734. and 3714. of the Revised Code and rules adopted thereunder.						
OAC Rule 3745-37-08(C)(9) and (D)(8)			\boxtimes			
The health district takes immediate action to abate serious hazards to the public health resulting from violations of Chapters 3734. and 3714. of the Revised Code and rules adopted thereunder.						
OAC Rule 3745-37-08(C)(10) and (D)(9)			\boxtimes			
The health district complies with applicable facility license transfer procedures.						
OAC Rule 3745-37-08(C)(11) and (D)(10)	\boxtimes			\boxtimes		
The health district seeks legal assistance from appropriate state and local agencies as necessary to carry out its assigned responsibilities.						
OAC Rule 3745-37-08(D)(11)				\boxtimes		
Each health district staff person possesses either a registered sanitarian/sanitarian-in-training certificate, the equivalent educational background required, or two years adequate work experience inspecting waste facilities.						
OAC Rule 3745-37-08(D)(12)				X		
The health district maintains a file of information relating to each exemption and license special term/condition. The file includes a copy of each exemption order issued and each license issued that contains special terms and/or conditions, as well as the health district's written justification for each action.						

Comments:

OAC Rule 3745-37-08(C)(8) and (D)(7):

During the review of the administrative records, Ohio EPA determined that the health district properly cited violations for conditions observed during complaint inspections conducted during the survey period. The health district received 41 solid waste complaints during the annual survey period. Of these 41 complaints, 33 have been resolved, 5 are still in progress, and 3 have been referred for legal action.

OAC Rule 3745-37-08(C)(9) and (D)(8):

No serious public health hazards resulting from violations of the solid and infectious waste or C&DD rules were on record for this survey year.

Field Surveys Due to the ongoing COVID-19 Pandemic, field surveys could not be conducted by Ohio EPA staff.

Facility & Inspection Inventory From: 10/22/2019 To: 1/8/2021					
Facility Name	Facility Type & Minimum Annual Inspection #	Comprehensive Inspections Completed	"Other" Inspections Completed		
Pine Grove Landfill	MSW Landfill (4)	12	0		
Lancaster Transfer Facility	MSW Transfer Facility (4)	5	0		
Lancaster Tire Collection Facility	Scrap Tire Facility (4)	5	0		
Pine Grove Composting Facility	Composting Facility (Class IV) (1)	9	0		
Lancaster WPCF Composting Facility	Composting Facility (Class IV) (1)	4	0		
Southeastern Correctional Composting	Composting Facility (Class II) (4)	5	0		
Fairfield Sanitary Landfill	Closed MSW Landfill (4-30 yrs pcc) (1)	9	0		
Ohio Paperboard Landfill	Closed ISW Landfill (1)	1	0		
M&B Demolition Disposal	Cⅅ Landfill (4)	5	0		
Walnut C&D Landfill	Cⅅ Landfill (4)	5	0		

Solid and Infectious Waste Programs Summary

The health district conducts all required comprehensive inspections at licensed and registered facilities within its jurisdiction to ensure compliance with the solid and infectious waste regulations. Additionally, I observed no deficiencies during the administrative review of the annual survey. The health district appropriately documents violations with a comprehensive NOV to the owner/operator detailing any violations, including rule citations and any additional information from the inspection. The health district does request a response from the facility on actions taken to remedy or prevent the violation from re-occurring and conducts re-inspections at facilities if violations are noted to ensure that compliance is achieved. The health district effectively manages solid waste complaints and has procedures in place to escalate enforcement if necessary.

It is the role of Ohio EPA to provide oversight and education to the health district in each of the programs outlined in this letter. The health district's ability to recognize, identify and cite violations in all program areas, as well as familiarity with the regulations during all types of inspections is critical to complete thorough site evaluations and enforcement of the regulations. The health district staff periodically called or emailed Ohio EPA's staff for technical assistance within the program areas. They also requested training throughout the annual survey period. Ohio EPA will continue to conduct peer reviews of inspection letters and provide technical assistance to the health district, as requested.

Construction and Demolition Debris Program Summary

The health department continues to conduct all required inspections at the licensed construction and demolition debris (C&DD) facilities and maintains open communication with Ohio EPA regarding any issues that arise at these facilities. During the year the health department sought out Ohio EPA's guidance on issues regarding the potential closure at the M&B facility and modifications at the Walnut C&D facility. The health department responds to C&DD complaints and cites violations, as needed.

Post-Survey Conference

On January 8, 2021, I held a virtual post-survey conference with Kelly Spindler, Environmental Health Director, and Jennifer Valentine, Sanitarian, to summarize the annual survey findings. During the post-survey conference, we discussed the health district's compliance with ORC Sections 3734.08 and 3714.09. Additionally, I shared my intention to recommend to you the health district remain on the approved lists.

Annual Survey Evaluation Report Fairfield Department of Health Page 5

This Annual Survey Evaluation Report (Report) is for internal use to perform a preliminary assessment of approved health districts. It is not to be used as an indication of a health district's overall compliance with OAC Rule 3745-37-08, which is a determination of the director of Ohio EPA. This Report and any accompanying information will be forwarded to the director for consideration and to determine substantial compliance with Rule 3745-37-08 of the Administrative Code.
