**Re: Zanesville Transfer Station
Permit - Long Term
Draft for Public Comment
Municipal Solid Waste Transfer Facilities
Muskingum County
SWTF100008**

**Subject: Zanesville Transfer Station, Muskingum County
Draft Permit to Install (PTI) Number: 1365809**

To whom it may concern:

The application for a PTI with accompanying plans and specifications for the above referenced facility has been reviewed by the staff of the Ohio EPA. It is the recommendation of the staff that the director issue a PTI since your proposal appears to comply with applicable Ohio solid waste rules.

Therefore, enclosed please find a PTI which is being issued to you today in draft form pursuant to Ohio Revised Code Chapter 3734 and the rules adopted thereunder.

A public notice concerning the issuance of this draft PTI will appear in the following newspaper: Zanesville Times Recorder.

Written comments will be accepted through June 16, 2021. Comments submitted can be emailed to epa.dmwmcomments@epa.ohio.gov or mailed to Ohio EPA DMWM, P.O. Box 1049, Columbus, Ohio 43216-1049, Attention: Brian Dearth. This authorization is subject to all rules, regulations, and specified conditions and can be viewed here: <https://bit.ly/2Tt4xv7>.

Following the close of the public comment period, the Director may issue a final Permit to Install upon such terms and conditions as he finds necessary to ensure that the operation of your facility is in accordance with Ohio's solid waste rules.

Please be advised that the detailed plans which you had submitted with your application will be transmitted with the issuance of the final permit. If you have any questions concerning this draft PTI, please contact the Ohio EPA Central Office at the above address and telephone number.

Sincerely,

Jeri Main

PERMIT TO INSTALL

Application Number: 1365809
Application Received: September 1, 2020
Permit Fee: \$2,500
Permit Fee Balance: \$2,100

Applicant: MJK Recycling LLC
Address: 2600 Odessa Drive
Zanesville, OH 43701

Facility: Zanesville Transfer Station

Location: The facility is located north of Adamsville Road, approximately 0.5 miles west of the intersection with State Route 93, Washington Township, Muskingum County.

Permit: New Solid Waste Transfer Facility

Issuance Date:

Effective Date:

The above-named entity is hereby issued a permit to install (permit) for the above-described source pursuant to Ohio Administrative Code (OAC) Rule 3745-555-10. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed and/or modified in accordance with the plans, specifications, and/or information accompanying the permit application, the above-described source of environmental pollutants will operate in compliance with applicable state and federal laws, rules, and regulations, and does not constitute expressed or implied assurances that, if constructed and/or modified in accordance with those plans, specifications, and/or information accompanying the permit application, the above-described source of environmental pollutants will be granted the necessary operating permits and/or licenses. This permit is issued subject to the attached conditions which are hereby incorporated and made a part hereof.

In accordance with Ohio Revised Code (ORC) Section 3734.44, the applicant has exhibited sufficient reliability, expertise, and competency to operate the solid waste facility. This determination is made based upon review of the disclosure statements submitted pursuant to ORC Section 3734.42

Ohio Environmental Protection Agency

Laurie A. Stevenson, Director

PERMIT SUMMARY

This DRAFT permit (Permit Number 1365809) authorizes the construction of the Zanesville Transfer Station (Facility) located north of Adamsville Road, Washington Township, Muskingum County, Ohio. MJK Recycling LLC is the owner, permit applicant, and facility operator.

The proposed Facility (approximately 7.6 acres) is located on Parcel #70380102000 (approximately 141.5 acres). The Facility has been designed in accordance with OAC Chapter 3745-555. The waste handling area is contained within a 120-foot by 85-foot building and includes an elevated tipping floor and a lower semi-trailer loading bay. The Facility will receive, handle, and transfer solid waste and construction and demolition debris (C&DD). Solid waste and (C&DD) will be deposited directly onto the waste handling area, consolidated, and reloaded into transfer trailers for transport to other licensed solid waste disposal facilities. The waste handling area is approximately 10,200 square feet.

This summary is provided solely for informational purposes and does not constitute a part of, or otherwise affect, the attached permit.

PERMIT CONDITIONS

1. The Director of the Ohio Environmental Protection Agency (Director), or an authorized representative, may enter upon the premises of the above-named applicant (permittee) at any reasonable time during construction and operation for the purpose of making inspections, conducting tests, or examining records or reports pertaining to the construction, modification, or installation of the above-described source of environmental pollutants (solid waste transfer facility).
2. The Facility shall be constructed in strict accordance with the plans, specifications, and information submitted to Ohio EPA which constitute this permit. There shall be no deviation from the approved permit or permit conditions without the express, written approval of Ohio EPA. Any deviation from the approved plans or the permit conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of this permit does not constitute an assurance that the Facility will operate in compliance with all Ohio laws and regulations. Additional components shall be installed upon orders of Ohio EPA if the Facility is inadequate or cannot meet applicable standards.
3. Issuance of this permit does not relieve the permittee of the duty to comply with all applicable federal, state, and local laws, ordinances, and regulations.
4. This permit shall apply only to the Facility shown on the plans, specifications, and information submitted as part of PTI Application Number 1365809, received on September 1, 2020, with subsequent revisions received through December 30, 2020.
5. This permit may be modified, or alternatively revoked and reissued, to comply with any revisions to OAC Chapter 3745-555 applicable to this solid waste transfer facility.

6. The permittee shall provide for the proper maintenance and operation of the Facility in accordance with the provisions of OAC Chapter 3745-555.
7. Nothing in this permit shall be construed to authorize any waiver from the requirements of any applicable federal or state laws or regulations except as specified herein. This permit shall not be interpreted to release the permittee from responsibility under Ohio Revised Code (ORC) Chapters 3704, 3714, 3734, or 6111; under the Federal Clean Water Act, the Resource Conservation and Recovery Act, or the Comprehensive Environmental Response, Compensation, and Liability Act; or from other applicable requirements for remedying conditions resulting from any release of contaminants to the environment.
8. This permit does not authorize the acceptance of any hazardous or infectious wastes, except for those excluded from hazardous or infectious waste regulation by ORC Chapter 3734.
9. This permit does not authorize the acceptance of any asbestos or asbestos-containing waste material that is subject to the provisions of NESHAP, 40 CFR Part 61, Subpart M. No such asbestos or asbestos-containing waste material may be accepted without first obtaining the necessary permits from Ohio EPA.
10. This permit does not authorize the acceptance of whole or shredded scrap tires or dedicated loads of source-separated yard waste unless the whole or shredded scrap tires or dedicated loads of source-separated yard waste are managed in accordance with OAC Rules 3745-555-650(G)(8) and (G)(10) or are transferred to another state for management in accordance with the laws of that state.
11. Not later than seven days prior to starting any construction authorized under this permit, the permittee shall submit to Ohio EPA, Division of Materials and Waste Management (DMWM), Southeast District Office (SEDO) written notification of the anticipated construction start date so that construction of the Facility can be routinely inspected by Ohio EPA, DMWM, SEDO.
12. The permittee shall provide for the following inspections and facility maintenance:
 - a. The permittee shall provide for the daily inspection of the solid waste transfer facility and completion of the Solid Waste Transfer Facility Daily Log of Operations, Form 3. Written results of the inspections, including any corrective measures taken, shall be made available to Ohio EPA, Southeast District Office (SEDO), upon request.
 - b. Surface water control structures, including catch basins, storm sewers, ditches and storm sewer discharge structures shall be inspected at least monthly for erosion, clogging, or failure and prompt corrective action shall be taken if necessary. Written results of the inspections, including any corrective actions taken, any water quality samples taken, the date, and

weather conditions, shall be made available to Ohio EPA, SEDO upon request.

13. Prior to waste acceptance, the permittee shall submit to Ohio EPA an executed and funded financial assurance instrument which meets the requirements of OAC Rules 3745-503-05 and 3745-503-20 in an amount no less than the closure cost estimate included in the permit application.
14. Prior to waste acceptance, the permittee shall post signage providing clear instructions for using the facility in accordance with OAC Rule 3745-555-620(C).
15. Upon completion of construction of the transfer facility, the permittee shall submit a construction certification establishing that the solid waste transfer facility was constructed in compliance with the approved permit in accordance with OAC Rule 3745-555-500.

END OF PERMIT CONDITIONS
