**Subject: Marysville City Landfill, Union County
Ohio Administrative Code (OAC) Chapter 513 Authorization**

Dear Mr. Hoyt:

On May 7, 2021, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Central District Office (CDO) received an application titled, *Application for Approval of Rule 513 Activities at the Closed Marysville Municipal Landfill*, (Application), dated May 7, 2021. The Application was submitted by Cox-Colvin & Associates, Inc., on behalf of the City of Marysville, for the closed Marysville City Landfill (Facility) located at the east end of Holly Drive in Marysville, Ohio.

OAC Rule 3745-513-20(A) requires authorization from the director of Ohio EPA (director) before engaging in filling, grading, excavating, building, drilling, or mining on land where a solid waste facility was operated (Chapter 513 activities). The Facility operated as a municipal solid waste landfill from 1955 to 1971. The City of Marysville proposes to construct a parking lot over the limits of waste placement to serve the patrons of the BMX bike course on the adjacent Ray Lewis Landfill. Additionally, a 4-foot high soil berm will be installed between the proposed parking lot and the eastern side of the landfill.

Based upon a review of the Application submitted in accordance with the requirements of OAC Rule 3745-513-300, I have determined, pursuant to OAC Rule 3745-513-20(A), that the proposed activities, if conducted in accordance with the Application as submitted on May 7, 2021, and the following conditions, will not result in violation of applicable laws and regulations, will not create a nuisance, and are unlikely to adversely affect public safety or health or the environment. Therefore, the City of Marysville is hereby authorized to perform the activities outlined in this letter in accordance with the plans, specifications, and information submitted as part of the Application.

As part of this approval, the City of Marysville is subject to the following conditions:

CONDITIONS

General Conditions:

1. This approval grants authorization to perform activities at the Facility in accordance with the Application as submitted on May 7, 2021. There may be no deviation from the approved plans without prior written authorization from Ohio EPA. Any future activities at the Facility may require additional Ohio EPA approval.
