**OHIO EPA ISSUES VARIANCE FROM CLASSIFICATION AS A WASTE
MODIFICATION**

Notice is hereby given that on June 11, 2021, the Director of Ohio EPA approved a Variance from classification as a waste modification to AMG Vanadium LLC (AMG), for its facility located at 60790 Southgate Road, Cambridge Ohio 43725. The EPA Identification Number for this facility is OHD 042 319 244.

On June 28, 2019, a Variance from classification as a waste was issued to allow AMG to store spent catalyst before recycling without obtaining a permit.

On January 19, 2021, AMG requested to modify the Variance to refine language regarding the use of bill of lading, add an exemption from the definition of solid waste k171 and K172 when in transit between AMG owned/operated facilities, update language to formally recognize operations such that AMG does not intend to store Reclaimed Catalyst or waste that contains Free Liquid within the wet storage area of RMSB #1, and update the Variance application to reflect the authorized storage capacity in RMSBs is based on the financial assurance and may be less than the total design storage capacity.

To issue this modified Variance, Ohio EPA determined that the Variance application is complete and complies with Ohio EPA rules, specifically evaluating factors found in rule 3745-50-24(C) of the Ohio Administrative Code.

You are hereby notified that this action of the Director of Ohio EPA (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
