Re: Stark County Health Department
Director's Authorization
Approval
Health District Partners
Stark County
HD7600

**Subject: Placement on the director's approved lists
Solid & Infectious Waste Programs
C&DD Program**

Dear Mr. Norris:

On February 12, 2021, the Ohio Environmental Protection Agency (Ohio EPA) completed its annual survey of your health district regarding your Solid and Infectious Waste Programs and Construction and Demolition Debris Program in accordance with Ohio Administrative Code (OAC) Rule 3745-37-08. The annual survey included the time period between January 1, 2020 and February 12, 2021.

Upon review of the survey findings, I have determined that the Stark County Health Department is in substantial compliance and I hereby place the Stark County Health Department on my approved lists of health districts authorized to administer and enforce the solid and infectious waste and construction and demolition debris laws and rules in accordance with Sections 3734.08 and 3714.09 of the Ohio Revised Code.

Additionally, you are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to ORC Section 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
30 East Broad Street, 4th floor
Columbus, Ohio 43215

I consider our agencies regulatory partners and appreciate the efforts of your dedicated staff. I recognize the extraordinary role your agency has played in addressing the COVID-19 pandemic, and the challenge this incredible response may have had on health district staffing and implementation of your Solid and Infectious Waste and Construction and Demolition Debris programs. If at any time Ohio EPA can provide assistance to support these programs, please encourage your staff to contact Ohio EPA's Northeast District Office.

Enclosed please find a copy of the annual survey evaluation report for your health district, which includes an assessment of administrative activities. Please note that this annual survey evaluation has been modified due to the COVID-19 pandemic, which may have adjusted the survey period and the conventional scope of file review and field inspections. Ohio EPA hopes to resume the normal evaluation procedure for future annual surveys. If you have questions or comments regarding the manner in which our agencies administer these programs, please contact me or Vlad Cica, Chief of the Division of Materials and Waste Management.

If you have any questions concerning this letter, please contact Colum McKenna of Ohio EPA's Northeast District Office by telephone at (330) 963-1268.

Sincerely,

Laurie A. Stevenson
Director

Annual Survey Evaluation Report

Ohio EPA's Delegation of the Solid & Infectious Waste and Construction & Demolition Debris
Programs to Local Health Districts

Health District: Stark County Health Department 7235 Whipple Ave NW Suite B North Canton, Ohio 44720 Core ID: 432323 Secondary ID: HD7600	Survey Period: Start Date: 1/1/2020 End Date: 2/12/2021 Ohio EPA Inspector: Colum McKenna
--	---

Administrative Review

A health district either meets program requirements (Y), does not meet program requirements (N), or requirements are not applicable (N/A). Upon review of health district records and other documentation, Ohio EPA made the following conclusions:

	Solid & Infectious Waste (ORC 3734)			Construction & Demolition Debris (ORC 3714)		
	Y	N	N/A	Y	N	N/A
OAC Rule 3745-37-08(C)(1) and (D)(1)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Applications for licenses are on file for each licensed solid waste, infectious waste treatment, or C&DD facility in the health district.						
OAC Rule 3745-37-08(C)(2) and (D)(2)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Applications are properly completed with all required information.						
OAC Rule 3745-37-08(C)(3) and (D)(3)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
All known solid waste, infectious waste treatment, and C&DD facilities operating in the health district do hold valid and unexpired licenses.						
OAC Rule 3745-37-08(C)(4)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
No license has been issued for any new solid waste or new infectious waste treatment facility prior to the director's issuance of required permits and approval of required detail plans.						
OAC Rule 3745-37-08(C)(5) and (D)(4)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Certification of inspection and compliance has been made to the director within thirty days after issuance of any license.						
OAC Rule 3745-37-08(C)(6) and (D)(5)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The health district inspects solid waste, infectious waste treatment, and C&DD facilities with sufficient frequency to ensure substantial compliance.						

	Solid & Infectious Waste (ORC 3734)			Construction & Demolition Debris (ORC 3714)		
	Y	N	N/A	Y	N	N/A
OAC Rule 3745-37-08(C)(7) and (D)(6)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The health district maintains a file of information relating to each licensed solid waste, infectious waste treatment, and C&DD facility throughout each facility's operation and applicable closure periods. Each file includes applications for licenses, certification records, inspection records, approved plans, litigation information (except that privileged by the attorney-client relationship), and other pertinent information.						
OAC Rule 3745-37-08(C)(8) and (D)(7)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The health district undertakes appropriate actions against persons whenever necessary to bring about substantial compliance with Chapters 3734. and 3714. of the Revised Code and rules adopted thereunder.						
OAC Rule 3745-37-08(C)(9) and (D)(8)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The health district takes immediate action to abate serious hazards to the public health resulting from violations of Chapters 3734. and 3714. of the Revised Code and rules adopted thereunder.						
OAC Rule 3745-37-08(C)(10) and (D)(9)	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
The health district complies with applicable facility license transfer procedures.						
OAC Rule 3745-37-08(C)(11) and (D)(10)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The health district seeks legal assistance from appropriate state and local agencies as necessary to carry out its assigned responsibilities.						
OAC Rule 3745-37-08(D)(11)				<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Each health district staff person possesses either a registered sanitarian/sanitarian-in-training certificate, the equivalent educational background required, or two years adequate work experience inspecting waste facilities.						
OAC Rule 3745-37-08(D)(12)				<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The health district maintains a file of information relating to each exemption and license special term/condition. The file includes a copy of each exemption order issued and each license issued that contains special terms and/or conditions, as well as the health district's written justification for each action.						

Comments:

OAC Rule 3745-37-08(C)(8) and (D)(7):

SCHD generates detailed documentation of inspection observations and undertakes appropriate actions when necessary to bring about compliance. SCHD appropriately issues notices of violation to facilities that are not in compliance with Ohio's rules and regulations. Follow-up inspections are conducted to ensure that the violations are addressed. If a violation is not resolved, SCHD issues orders to the responsible party and, if appropriate, refers unresolved cases to the Stark County Prosecutor's office.

During the annual survey period, the health district received 131 solid waste complaints. One hundred and twenty-one of those complaints have been resolved, ten are in-progress and four were referred to

the Stark County Prosecutor. The health department continues to respond to complaints in a timely manner.

OAC Rule 3745-37-08(C)(9) and (D)(8):

SCHD has been proactive in working with the facilities within its jurisdiction and issues public health orders to facilities and property owners in its jurisdiction.

Additional Comments:

The health department records indicated that SCHD conducted the required comprehensive inspections at all facilities during the survey period.

Field Surveys

Due to the ongoing COVID-19 Pandemic, field surveys could not be conducted by Ohio EPA staff.

Facility & Inspection Inventory From: 1/1/2020 To: 2/12/2021			
Facility Name	Facility Type & Minimum Inspection #	Comprehensive Inspections Completed	“Other” Inspections Completed
American Landfill Inc	SW Landfill (4)	4	29
Countywide Recycling and Disposal Facility	SW Landfill (4)	4	25
Statewide Recycling and Disposal Facility	Closed SW Landfill (4-30 yrs p-cc) (1)	4	20
Liberty Tire Service of Ohio LLC Pilot Project	Closed SW Landfill (4-30 yrs p-cc) (1)	4	
Liberty Tire Services of Ohio	Scrap Tire Facility (4)	4	15
Minerva Enterprises	C&DD Landfill (4)	4	22
Stark C&D	C&DD Landfill (4)	4	18
Minerva Enterprises	Composting Facility (Class IV) (1)	1	3
Earth N Wood	Composting Facility (Class IV) (1)	1	5
Uniontown Topsoil & Mulch	Composting Facility (Class IV) (1)	1	4
Hawk Trucking	Composting Facility (Class III) (1)	1	4
Mike’s Landscaping	Composting Facility (Class IV) (1)	1	5

Mr. Mulch	Composting Facility (Class IV) (1)	1	5
Stark C&D	Composting Facility (Class IV) (1)	1	5
Warstler Brothers	Composting Facility (Class IV) (1)	1	3
Yoders	Composting Facility (Class IV) (1)	1	5

Inspection Summary

Despite the current COVID-19 pandemic, the health department was still able to conduct the required quarterly facility inspections since the last annual survey.

Solid and Infectious Waste Programs Summary

The health district conducts all required comprehensive inspections at licensed and registered facilities within its jurisdiction to ensure compliance with the solid and infectious waste regulations. Additionally, I observed no deficiencies during the administrative review of the annual survey. The health district appropriately documents violations with a comprehensive NOV to the owner/operator detailing any violations, including rule citations and any additional information from the inspection. The health district requests a response from the facility on actions taken to remedy or prevent the violation from re-occurring and conducts re-inspections at facilities if violations are noted to ensure that compliance is achieved. The health district effectively manages solid waste complaints and has procedures in place to escalate enforcement if necessary. An example of SCHD's effective enforcement process is the case of Richard A. Cearfoss III. This case was filed in the Stark County Court of Commons Pleas, where the court issued a permanent injunction on October 14, 2020.

It is the role of Ohio EPA to provide oversight and education to the health district in each of the programs outlined in this letter. The health district's ability to recognize, identify and cite violations in all program areas, as well as familiarity with the regulations during all types of inspections is critical to complete thorough site evaluations and enforcement of the regulations. The health district staff periodically called or emailed Ohio EPA's staff for technical assistance within the program areas. Ohio EPA is willing to conduct peer reviews of inspection letters, if needed, and provide technical assistance to the health district, as necessary.

Construction and Demolition Debris Program Summary

During the annual survey period, SCHD conducted the required comprehensive inspections at the two licensed C&DD facilities located in Stark County. The health department continues to investigate C&DD illegal disposal complaints as they become known. SCHD's Construction and Demolition Debris Program continues to be proactive in the county, investigating and mitigating complaints.

Post-Survey Conference

On February 12, 2021, I held a virtual post-survey conference with Phil Revlok, Program Coordinator, to summarize the annual survey findings. During the post-survey conference, we discussed the health district's compliance with ORC Sections 3734.08 and 3714.09. Additionally, I shared my intention to recommend to you the health district remain on the approved lists.

This Annual Survey Evaluation Report (Report) is for internal use to perform a preliminary assessment of approved health districts. It is not to be used as an indication of a health district's overall compliance with OAC Rule 3745-37-08, which is a determination of the director of Ohio EPA. This Report and any accompanying information will be forwarded to the director for consideration and to determine substantial compliance with Rule 3745-37-08 of the Administrative Code.
