Subject: Notice of Compliance**

Dear Mr. Schwieterman:

Thank you for the courtesy extended to me during the Ohio Environmental Protection Agency's (Ohio EPA's) August 25, 2021, inspection of the Cargill facility located on Industrial Drive in Sidney, Ohio. The goal of my inspection was to determine your facility's compliance with Ohio's Division of Air Pollution Control's laws as found in Chapter 3704 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC) and the terms and conditions of Cargill's Title V operating permit #P0124695, issued on July 19, 2019. Our inspection included a site visit of company operations and a review of written documentation associated with the facility operations.

No violations of Ohio's air pollution control laws, OAC rules, or the terms and conditions of operating permit #P0124695 were discovered during the inspection. Please be advised that this notice of compliance is only associated with those areas of the operations that were inspected or documentation reviewed and does not constitute a waiver of potential violations not discovered.

Thank you for your time and cooperation and if you have any questions, please do not hesitate to contact me by phone at (419) 373-3131 or by email at mark.barber@epa.ohio.gov.

Sincerely,

Mark Barber
