**Re: Bond Road Landfill
Permit - Long Term
Draft for Public Comment
Municipal Solid Waste Landfills
Hamilton County
MSWL018784**

**Subject: Bond Road Landfill, Hamilton County
Draft Permit to Install (PTI) Number: 1466298**

To whom it may concern:

The application for a PTI with accompanying plans and specifications for the above referenced facility has been reviewed by the staff of the Ohio EPA. It is the recommendation of the staff that the director issue a PTI since your proposal appears to comply with applicable Ohio solid waste rules.

Therefore, enclosed please find a PTI which is being issued to you today in draft form pursuant to Ohio Revised Code Chapter 3734 and the rules adopted thereunder.

A public notice concerning the issuance of this draft PTI will appear in the following newspapers: Cincinnati Enquirer, Cincinnati Herald and Harrison Press. Ohio EPA will be holding a virtual public hearing and info session on the draft permit acceptance which will be held at 6:00 PM on Tuesday, April 12, 2022. The public hearing can be attended virtually by registering at: <https://register.gotowebinar.com/register/3705079728963786508>. The public hearing will end when everyone in attendance has had an opportunity to provide testimony related to this project.

Written comments will be accepted through April 20, 2022. Comments submitted can be emailed to epa.dmwmcomments@epa.ohio.gov or mailed to Ohio EPA DMWM, P.O. Box 1049, Columbus, Ohio 43216-1049, Attention Brian Dearth. This authorization is subject to all rules, regulations, and specified conditions and can be viewed here: <https://tinyurl.com/epaIA>

Bond Road Landfill
Draft PTI
Page 2

Following the close of the public comment period, the Director may issue a final Permit to Install upon such terms and conditions as she finds necessary to ensure that the operation of your facility is in accordance with Ohio's solid waste rules.

Please be advised that the detailed plans which you had submitted with your application will be transmitted with the issuance of the final permit. If you have any questions concerning this draft PTI, please contact the Ohio EPA Central Office at the above address and telephone number.

Sincerely,

Jeri Main, Records Management
Permitting, Authorizations & Info Management, Central Office
Division of Materials and Waste Management

Address: 11425 Bond Road
Harrison, OH 45030

Location: The facility is located on 575 acres of land that straddle the Ohio-Indiana border in southwestern Hamilton County. The site is located south of the intersection of Bond Road and Brooks Road and north of Sand Run Road.

Permit: Authorized Maximum Daily Waste Receipt (AMDWR) Increase

Issuance Date:

Effective Date:

The above-named entity is hereby issued a permit approval (permit-to-install) for the above-described source pursuant to Ohio Administrative Code (OAC) Rule 3745-27-02. Issuance of this permit approval does not constitute expressed or implied approval or agreement that, if constructed and/or modified in accordance with the plans, specifications, and/or information accompanying the permit application, the above described source of environmental pollutants will operate in compliance with applicable state and federal laws, rules, and regulations, and does not constitute expressed or implied assurances that, if constructed and/or modified in accordance with those plans, specifications, and/or information accompanying the permit application, the above described source of environmental pollutants will be granted the necessary operating permits and/or licenses. This permit approval is issued subject to the attached conditions which are hereby incorporated and made a part hereof.

Ohio Environmental Protection Agency

Laurie A. Stevenson, Director

PERMIT SUMMARY

This permit (PTI Number 1466298) for Bond Road Landfill (Facility) authorizes the Facility to increase the AMDWR from 100 tons to 1,500 tons per day. The previous AMDWR was established by PTI Number 820233 issued November 10, 2011.

Based on the AMDWR of 1,500 tons, the total Facility airspace would provide an estimated facility life of approximately 12.8 years. However, based on the Facility's anticipated daily gate receipt of 400 tons, the estimated life of the Facility will be approximately 48 years.

The above summary is provided solely for informational purposes and does not constitute a part of, or otherwise affect, the attached permit-to-install.

PERMIT CONDITIONS

1. The Facility's AMDWR is hereby established to be 1,500 tons per day. This supersedes any previously established AMDWR for the Facility. This approval shall apply only to the increase in the Facility's AMDWR.
2. The director, or an authorized representative, may enter upon the premises of the above-named permittee at any reasonable time during construction and operation for the purpose of making inspections, conducting tests, or examining records or reports pertaining to the construction, modification, or installation of the above-described source of environmental pollutants (municipal solid waste disposal facility).
3. Issuance of this permit approval does not relieve the permittee of the duty to comply with all applicable federal, state, and local laws, ordinances, and regulations.
4. This permit approval may be modified, or alternatively revoked and reissued, to comply with any revisions to OAC Chapter 3745-27 applicable to this municipal solid waste disposal facility.
5. The permittee shall provide for the proper maintenance and operation of the municipal solid waste disposal facility in accordance with the provisions of OAC Chapter 3745-27.
6. Nothing in this permit approval shall be construed to authorize any waiver from the requirements of any applicable federal or state laws or regulations. This permit approval shall not be interpreted to release the permittee from responsibility under Ohio Revised Code (ORC) Chapters 3704, 3714, 3734, or 6111; under the Federal Clean Water Act, the Resource Conservation and Recovery Act, or the Comprehensive Environmental Response, Compensation, and Liability Act; or from other applicable requirements for remedying conditions resulting from any release of contaminants to the environment.

7. This permit approval does not authorize the acceptance of any asbestos or asbestos-containing waste material that is subject to the provisions of NESHAP, 40 CFR Part 61, Subpart M. No such asbestos or asbestos-containing waste material may be accepted without first obtaining the necessary permits from Ohio EPA.
8. This permit approval does not authorize the acceptance of any hazardous or infectious wastes, except for those excluded from hazardous waste or infectious waste regulation by ORC Chapter 3734.
9. To the extent that this permit approval specifies requirements different from or in addition to previous solid waste permits issued for the Facility, the terms and conditions contained herein shall take precedence over any conflicting requirements.
10. The permittee shall comply with the requirements of all previously issued authorizing documents for the Facility, except, to the extent that this permit approval specifies requirements different from or in addition to the requirements of those previously issued authorizing documents for the Facility, the permittee shall comply with this permit. This permit, and the terms and conditions contained herein, shall take precedence over any conflicting requirements.

END OF CONDITIONS
