

For Agency Use	Facility Name: Ohio EPA Permit Number:	Date Received (yy/mm/dd): Application No.:
----------------	---	---

Division of Surface Water
Application for Transfer of Ohio NPDES Permit

Instructions: Submit the completed form below with the original signatures of the previous and new owners or those responsible for the permit. A letter will be sent to the transferee and a copy of the letter will be sent to the transferor after the application is reviewed.

A. Existing Permit Holder Information (Transferor)

1. Facility Permit Number: 31B00002*LD

2. Application Number: OH 0001112

3. Permittee Name: GenOn Power Midwest, LP

4. Facility Name: Avon Lake Generating Station

5. Mailing Address After Transfer: Attn: Lee Bahl
1360 Post Oak Blvd., Suite 2000, Houston, TX 77056

B. Proposed Permit Holder Information (Transferee)

1. Permittee Name (New): Avon Lake Environmental Redevelopment Group, LLC

2. Phone Number: 502-245-1353

3. Facility Name (New): Avon Lake Environmental Redevelopment Group, LLC

4. Mailing Address for all permit related correspondence: 12601 Plantside Drive, Louisville, KY 40299

5. Facility Mailing Address (if different): 33570 Lake Road, Avon Lake, OH 44012

6. Individual authorized to sign applications and Transfer Agreement pursuant to OAC 3745-33-03(F) (principal executive officer, vice president or higher for a corporation; a general partner of a partnership; the proprietor of a proprietorship; principal executive officer, ranking elected official or duly authorized employee of a public entity):

Norman Divers, VP - EHS

Authorized Individual

7. Authorization: Pursuant to 40 CFR Part 122.22(b), the individual or position, identified in this space is duly authorized by the individual in Item 6 to sign all reports required by permit and other information that may be required by the Director:

Norman Divers, VP - EHS

Name/Title/Position

8. Operator of Facility

Name: Avon Lake Environmental Redevelopment Group, LLC

Address: 33570 Lake Road, Avon Lake, OH 44012

9. Contact Person for facility information or inspections:

Name: Norman Divers

Phone: 502-245-1353 (office); 704-472-3919 (mobile)

10. Describe any material modifications to production or facilities, subsequent to the transfer, which may alter the volume or characteristics of this discharge: (Attach additional pages as necessary)

The Avon Lake Generating Station will retire on April 1, 2022. As a result, the discharge of once through cooling water will cease at Final Outfall 001 after March 31, 2022 eliminating 316(a) and 316(b) requirements.

In addition, bottom ash transport water (BATW) will no longer be generated after March 31, 2022, and will be in compliance with effluent limitation guideline under Condition O on April 1, 2022. However, BATW contained within the Bottom Ash Transport System will need to be discharged to Internal Monitoring Station 601 via Outfall 002.

10. Continued

We request approval to decommission the Bottom Ash Transport System by allowing bottom ash fines within the BATW to settle prior to dewatering the Bottom Ash Transport System. Avon Lake will maintain compliance with the Outfall 002 Discharge Limitations.

Agreement to Transfer Permit
