**Re: Suburban Landfill Inc  
Permit - Long Term  
Draft for Public Comment  
Municipal Solid Waste Landfills  
Perry County  
MSWL018754**

**Subject: Suburban Landfill Inc, Perry County  
Draft Permit to Install (PTI) Number: 1645857**

To whom it may concern:

The application for a PTI with accompanying plans and specifications for the above referenced facility has been reviewed by the staff of the Ohio Environmental Protection Agency (Ohio EPA). It is the recommendation of the staff that the director issue a PTI since your proposal appears to comply with applicable Ohio solid waste rules.

Therefore, enclosed please find a PTI which is being issued to you today in draft form pursuant to Ohio Revised Code Chapter 3734 and the rules adopted thereunder.

A public hearing will be held at 6:00 PM on Wednesday, June 24, 2026, at Glenford Elementary School, 128 East High Street, Glenford, Ohio 43739. The public hearing will end when everyone in attendance has had an opportunity to provide testimony related to this project.

Written comments will be accepted through Wednesday, July 08, 2026. Comments submitted can be emailed to [epa.dmwmcomments@epa.ohio.gov](mailto:epa.dmwmcomments@epa.ohio.gov) or mailed to Ohio EPA DMWM, P.O. Box 1049, Columbus, Ohio 43216-1049, Attention Brian Dearth. You may also visit <https://ohioepa.commentinput.com/?id=Jx24EC7mrh> to submit through our Public Comment portal.

This authorization is subject to all rules, regulations, and specified conditions and can be viewed here: <https://tinyurl.com/OhioepaA>.

Following the close of the public comment period, the director may issue a final Permit to Install upon such terms and conditions as they find necessary to ensure that the operation of your facility is in accordance with Ohio's solid waste rules.

## PERMIT TO INSTALL

Application Number: 1645857  
Application Received: July 31, 2024  
Permit Fee: \$1,000.00  
Permit Fee Balance: \$600.00

Applicant: Suburban Landfill, Inc.  
Address: 3415 Township Road 447  
Glenford, Ohio 43739

Facility: Suburban Landfill  
Address: 3415 Township Road 447  
Glenford, Ohio 43739

Location: The facility is located in northern Perry County, south of Hopewell Township Road 447, east of State Route 668, and west of Township Road 61. The facility address is 3415 Township Road 447, Glenford, Ohio.

Permit: Operational Modification, Municipal Solid Waste Landfill

Issuance Date:

Effective Date:

The above-named entity is hereby issued a permit-to-install (permit) for the above-described source pursuant to Ohio Administrative Code (OAC) Rule 3745-27-02. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed and/or modified in accordance with the plans, specifications, and/or information accompanying the permit application, the above-described source of environmental pollutants will operate in compliance with applicable state and federal laws, rules, and regulations, and does not constitute expressed or implied assurances that, if constructed and/or modified in accordance with those plans, specifications, and/or information accompanying the permit application, the above-described source of environmental pollutants will be granted the necessary operating permits and/or licenses. This permit is issued subject to the attached conditions which are hereby incorporated and made a part hereof.

Ohio Environmental Protection Agency

---

John Logue, Director

## PERMIT SUMMARY

This Permit-to-Install (PTI) Number 1645857, authorizes the acceptance of secondary aluminum process (SAP) waste at the Suburban Landfill (Facility), an existing municipal solid waste landfill located at 3415 Township Road 477, Glenford, Ohio in Perry County.

The Facility is currently operating under PTI Number 06-8330, issued on July 31, 2024. Suburban Landfill, Inc. is the operator and applicant. The related properties are owned by Waste Management of Ohio, Inc. and Ohio Waste Systems, Inc.

Ohio Revised Code (ORC) Section 3734.02(O) states:

- (1) As used in this division, "secondary aluminum waste" means waste material or byproducts, when disposed of, containing aluminum generated from secondary aluminum smelting operations and consisting of dross, salt cake, baghouse dust associated with aluminum recycling furnace operations, or dry-milled wastes.*
- (2) The owner or operator of a sanitary landfill shall not dispose of municipal solid waste that has been commingled with secondary aluminum waste.*
- (3) The owner or operator of a sanitary landfill may dispose of secondary aluminum waste, but only in a monocell or monofill that has been permitted for that purpose in accordance with this chapter and rules adopted under it.*

This PTI includes Appendix C8-B, *Secondary Aluminum Processing Waste Monocell Design and Operations Plan*, which details the design of an SAP waste monocell and develops best management practices to characterize, accept, dispose, and monitor SAP waste. The proposed SAP waste monocell is located within the upper topography of the Facility's currently permitted Phase 9 and has a footprint of approximately 6.4 acres and a capacity of 233,000 cubic yards.

## PERMIT CONDITIONS

1. The Director of the Ohio Environmental Protection Agency (Ohio EPA), or an authorized representative, may enter upon the premises of the above-named applicant (permittee) at any reasonable time during construction and operation for the purpose of making inspections, conducting tests, or examining records or reports pertaining to the construction, modification, or installation of the above-described source of environmental pollutants (municipal solid waste disposal facility).
2. This permit shall apply only to the Facility shown on the plans submitted as part of PTI Application Number 16145857, received on July 31, 2024, with subsequent revisions through April 2, 2026.

3. The acceptance and disposal of SAP waste shall be in strict accordance with the plans, specifications, and information submitted to the Ohio EPA which constitutes this permit. There shall be no deviation from the approved permit or permit conditions without the express, written approval of Ohio EPA. Any deviation from the approved permit or the permit conditions may lead to such sanctions and penalties as provided under Ohio law. Approval of this permit does not constitute an assurance that the Facility will operate in compliance with all Ohio laws and regulations. Additional landfill components shall be installed upon orders of Ohio EPA if the Facility is inadequate or cannot meet applicable standards.
4. The permittee shall not accept SAP wastes from a generator without a pre-acceptance waste characterization being reviewed and approved by the permittee's Waste Approval Manager. A pre-acceptance waste characterization shall be submitted at the frequency described in the authorizing document.
5. The permittee shall submit the monitoring and waste testing data required by this permit to Ohio EPA and the Perry County Health Department by the 15th day of the month following each quarter (April, July, October, January).
6. The permittee shall not recirculate leachate at the Facility in any location that recirculated leachate may come in contact with SAP waste.
7. Issuance of this permit does not relieve the permittee of the duty to comply with all applicable federal, state, and local laws, ordinances, and regulations.
8. This permit may be modified, or alternatively revoked and reissued by the Director, to comply with any revisions to OAC Chapter 3745-27 applicable to this municipal solid waste disposal facility.
9. The permittee shall provide for the proper maintenance and operation of the Facility in accordance with the provisions of OAC Chapters 3745-27 and 3745-535.
10. Nothing in this permit shall be construed to authorize any waiver from the requirements of any applicable federal or state laws or regulations except as specified herein. This permit shall not be interpreted to release the permittee from responsibility under ORC Chapters 3704, 3714, 3734, or 6111; under the Federal Clean Water Act, the Resource Conservation and Recovery Act, or the Comprehensive Environmental Response, Compensation, and Liability Act; or from other applicable requirements for remedying conditions resulting from any release of contaminants to the environment.
11. This permit does not authorize the acceptance of any hazardous or infectious wastes, except for those excluded from hazardous or infectious waste regulation by ORC Chapter 3734.

12. This permit does not authorize the acceptance of any asbestos or asbestos-containing waste material that is subject to the provisions of NESHAP, 40 CFR Part 61, Subpart M. No such asbestos or asbestos-containing waste material may be accepted without first obtaining the necessary permits from Ohio EPA.
13. Not later than seven (7) days prior to starting any construction authorized by this permit, the permittee shall submit to Ohio EPA, Division of Materials and Waste Management (DMWM) and the Perry County Health Department written notification of the anticipated construction start date so that construction of the Facility can be routinely inspected by Ohio EPA, DMWM and the Perry County Health Department .
14. The permittee shall perform the following activities during construction and operation of the Facility in accordance with the cited provisions of OAC Chapter 3745-27 as follows:
  - a. The pre-construction tests, required by OAC Rule 3745-27-08(D), shall be performed and the test results submitted to Ohio EPA, DMWM not later than seven (7) days prior to the intended use of the materials in construction.
  - b. The pre-construction interface tests, required by OAC Rule 3745-27-08(G), shall be performed and the test results submitted to Ohio EPA, DMWM not later than seven (7) days prior to the use of each geosynthetic material authorized by this permit.
15. The permittee shall provide for the following inspections and facility maintenance:
  - a. The permittee shall provide for daily inspection of the Facility and the completion of the MSW Daily Log of Operations, Form 3. Prompt corrective action shall be taken, if necessary. Written results of the inspections, including any corrective actions taken, shall be made available to Ohio EPA, DMWM and/or the Perry County Health Department.
  - b. The permittee shall provide for weekly inspection of surface water control structures, including sedimentation ponds, sedimentation pond discharge structures, pipes, ditches, and culverts and completion of the MSW Landfill Daily Log of Operations, Form 4. Prompt corrective action shall be taken, if necessary. Written results of the inspections, including any corrective actions taken, shall be made available to Ohio EPA, DMWM and/or the Perry County Health Department.
16. The permittee shall comply with the requirements of all previously issued authorizing documents for the Facility, except, to the extent that this permit specifies requirements different from, or in addition to, the requirements of those previously issued authorizing documents, the permittee shall comply with this permit. This permit, and the conditions herein, shall take precedence over any conflicting requirements.

**END OF PERMIT CONDITIONS**
